

1981 DODGE
WAGONS
ARE BUILT TOUGH!

1981 DODGE WAGONS

People on the go, and people in the know choose Dodge Wagons—the value-packed people movers that do it in style! Room for five to eight in the 109-inch wheelbase wagon . . . up to fifteen in the 127-inch Maxiwagon—comfortably. And still room for necessary cargo!

Value is the word for Dodge Wagons because of the many standard features aimed at passenger comfort and driver control. There's rugged Unibody Construction, independent front suspension, power front disc brakes, high level colour-keyed interiors, and lots more—things that make the Dodge Wagon easy to handle and fun to ride in. Options, too, and plenty of choices of colour and trim to make a Dodge Wagon very truly yours!

Pick a size, pick a colour, pick a seating arrangement—then just pick an exciting place to go!

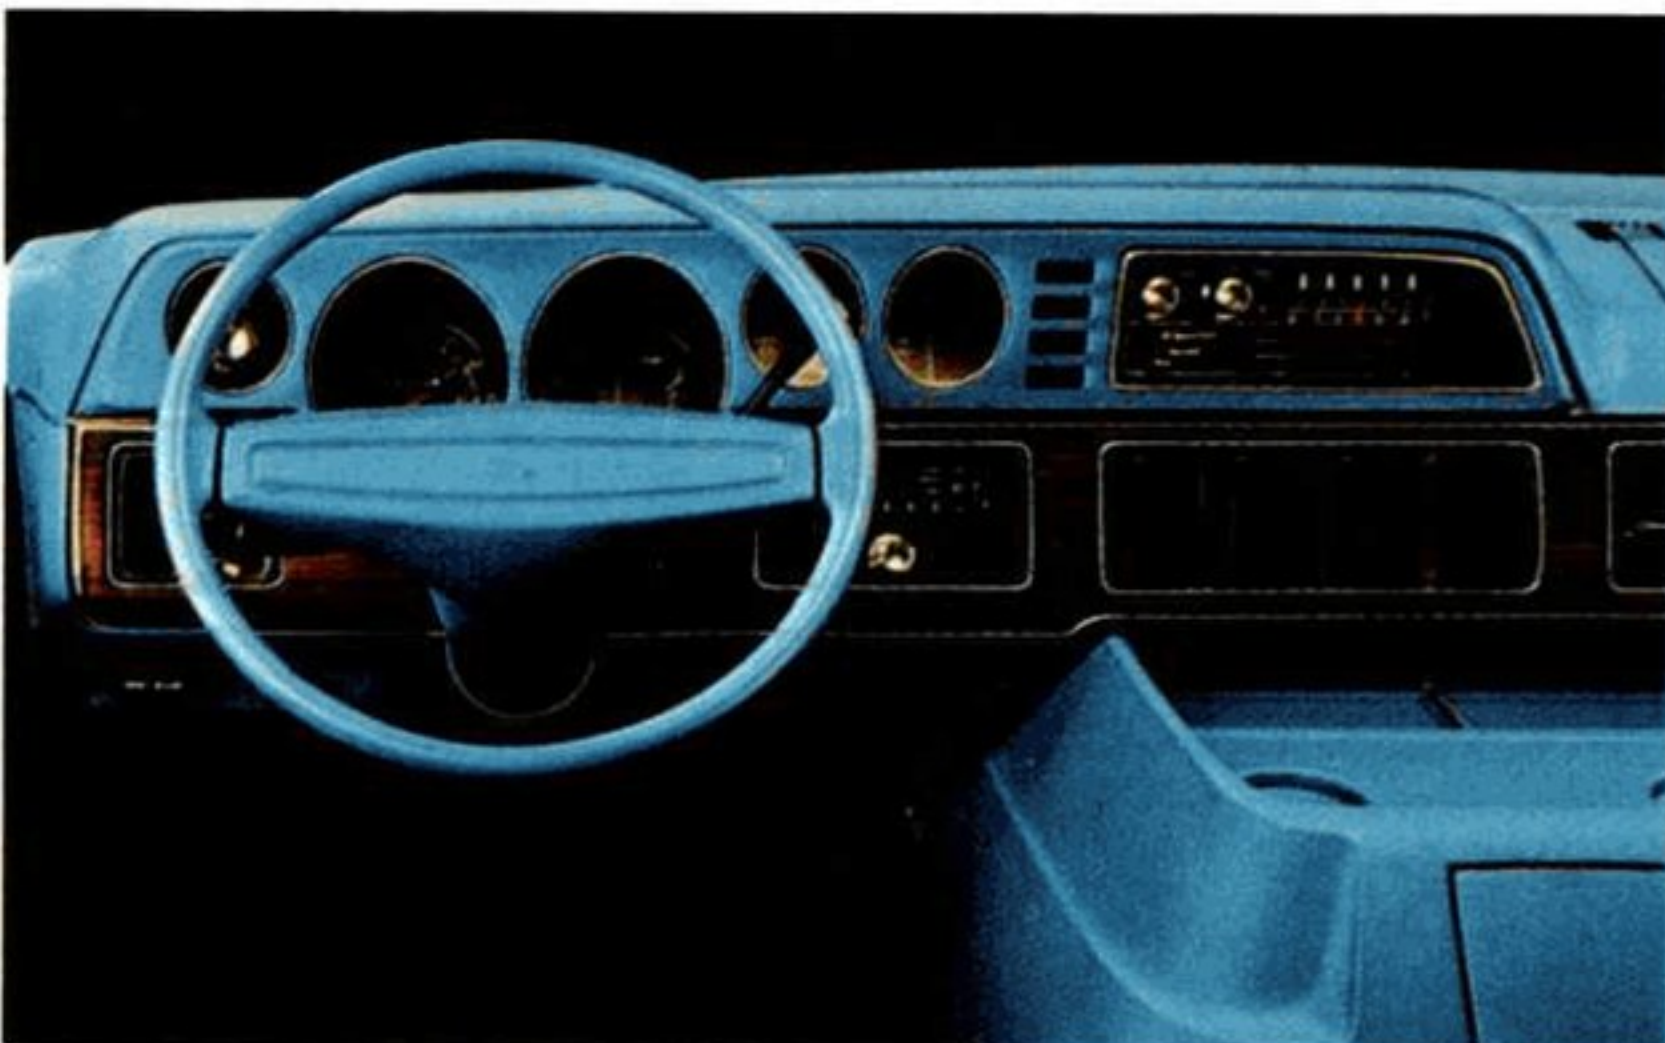

Optional Royal SE Cloth & Vinyl "Command" Bucket Seats

INTERIOR ATTRACTIONS

One look at the interior of the Dodge Wagon, and you'll think you're in a highly individualized specialty car. And you are! That's because Dodge offers you, standard, a high level trim including low-back bucket seats up front and a matching three-seat bench, rear. You can step that up to the luxury of high-back "Quad Command" bucket seats with a variety of colours and fabrics. Door panels, instrument panels and carpeting match and blend in decorator harmony.

The contemporary instrument panel puts vital driver information in full view and all controls within easy reach. It's really a jet-age command post in the truest sense. And what a view of the road as you pilot your Dodge Wagon!

Optional
Royal Interior—
Cloth & Vinyl

SEATING

You call the tune when it comes to seating patterns in your Dodge Wagon. The standard arrangement in the 109-inch wheelbase wagon allows for five passengers and a truly generous cargo space in the rear. Add an optional 3-passenger seat to bring your seating up to eight . . . and you'll still have room for travel cargo.

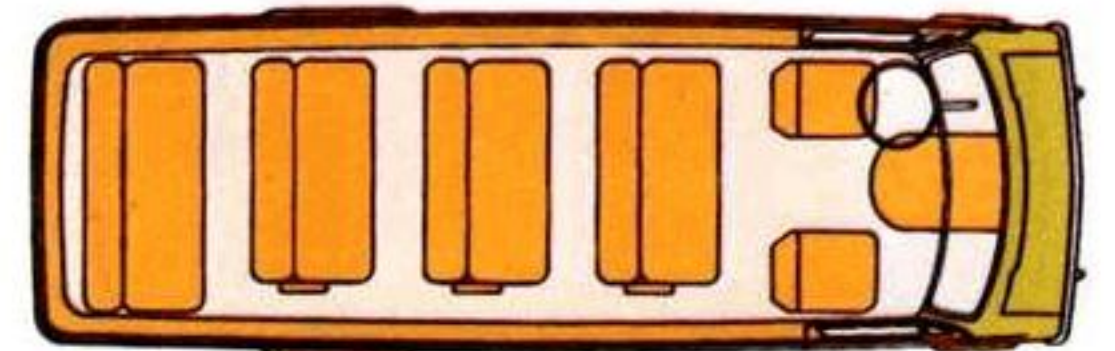

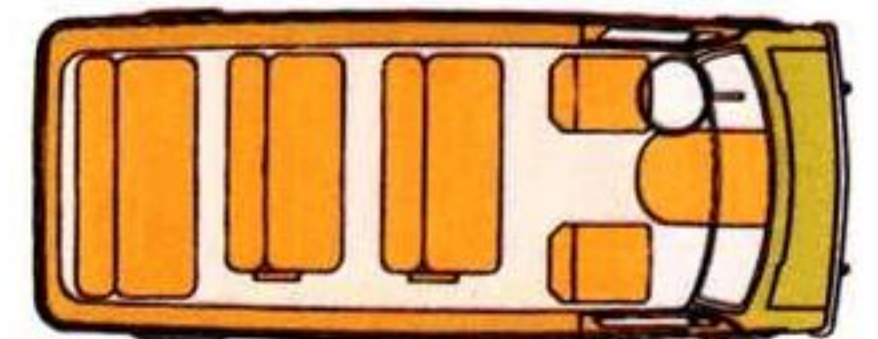

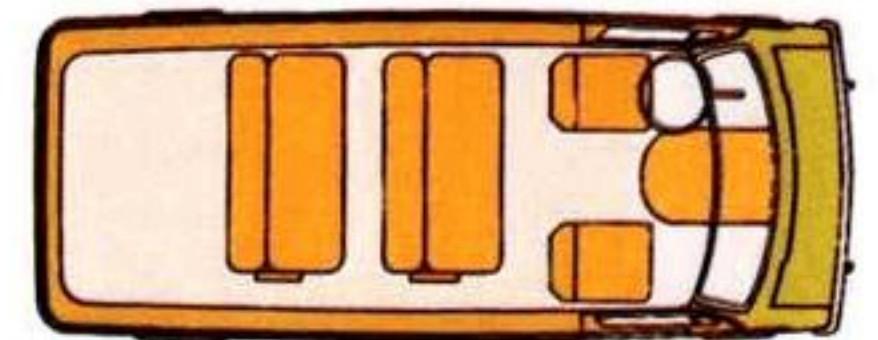

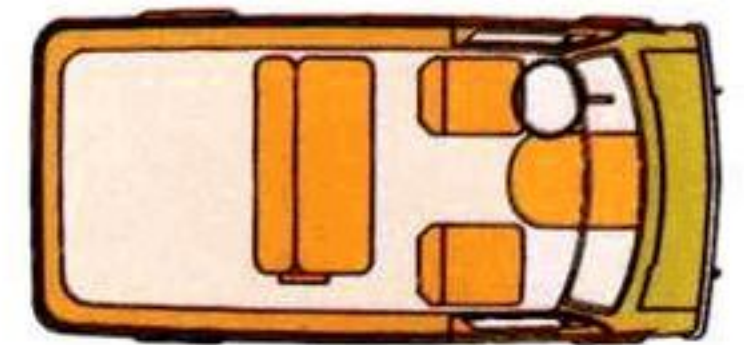

Standard Royal
Interior Cashmere Vinyl

In the Maxiwagon, you can add a 4-passenger bench seat for 12 people and still another 3-passenger seat to accommodate fifteen passengers. Best of all, Dodge Wagon seats slip in and out easily as the occasion demands by means of "Quick-Disconnect" anchors.

Your Dodge Custom Wagon is smartly equipped with all-vinyl low-back bucket seats for driver and passenger and a matching 3-passenger bench seat behind. Or, you can move up with the optional Royal Package or Royal SE Package to "Quad Command" bucket seats in cloth and vinyl, optional.

Dodge offers you four exceptional levels of interior trim and seating. Whatever one you choose, you can be sure you're sitting pretty in a Dodge Wagon!

CARGO DOOR

You have good choices, too, in the cargo doors on your Dodge Wagon. A single or double rear door—it's up to you. And your side passenger access can be through double doors or the easy-operated single sliding door. Your Dodge dealer has the details.

CHRYSLER ANTI-CORROSION WARRANTY

Every Chrysler-built vehicle has been engineered to withstand the rigours of driving over Canadian roads. But even more than that, we realize the corrosive effects of the mixture of moisture and road chemicals. That's why there's a Chrysler Anti-Corrosion Warranty on all Chrysler-built new cars and trucks. See your Dealer for complete details.

TRAVEL SEATING

A "Travel Seating" option is available to make your Dodge Wagon whatever you want it to be . . . whenever you want it. First, it's a pair of forward facing conventional 3-passenger seats. Or, convert it into a pair of facing benches for easy conversation. A table is also included—ideal for games or snacks enroute. Travel can be fun, and very comfortable!

"CONVERT-A-BED" SEAT

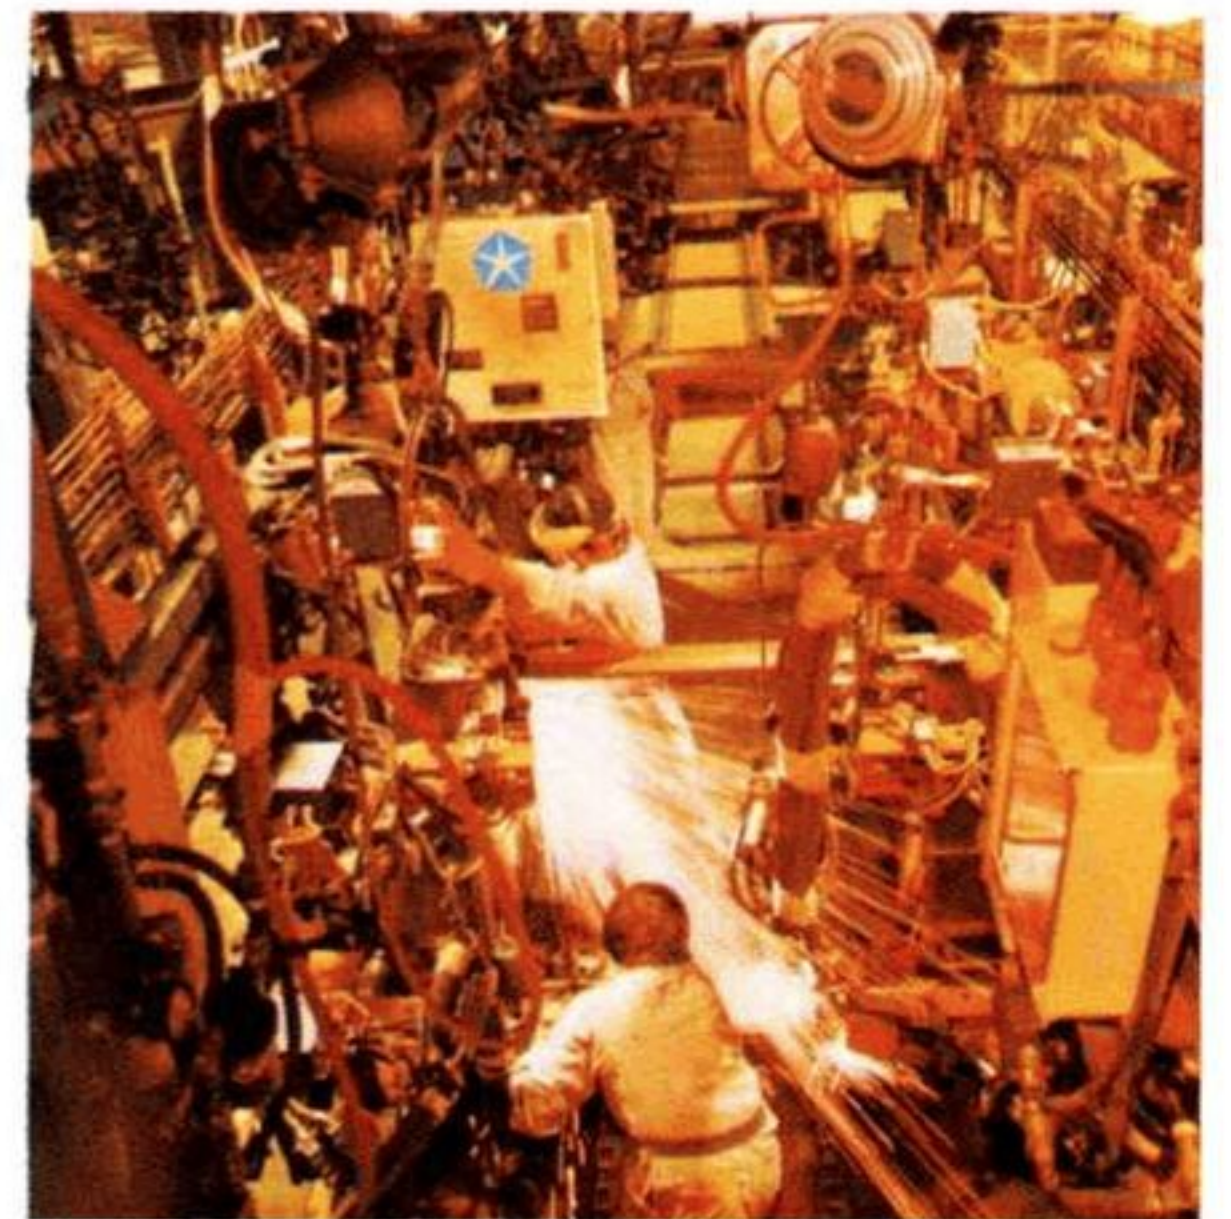

Dramatically new and different is the optional folding "Convert-a-Bed" bench seat available in mid-and high-line Dodge Wagons. Used as a replacement for the 3-passenger rear bench seat, it unfolds to the equivalent of a double bed in seconds.

CORROSION PROTECTION

Traditionally, Dodge bodies have withstood corrosion better than others. The reason: Dodge used more galvanized steel in exposed parts than its competition, and double-protected the lower portion of the body with a multi-step dip-and-spray treatment.

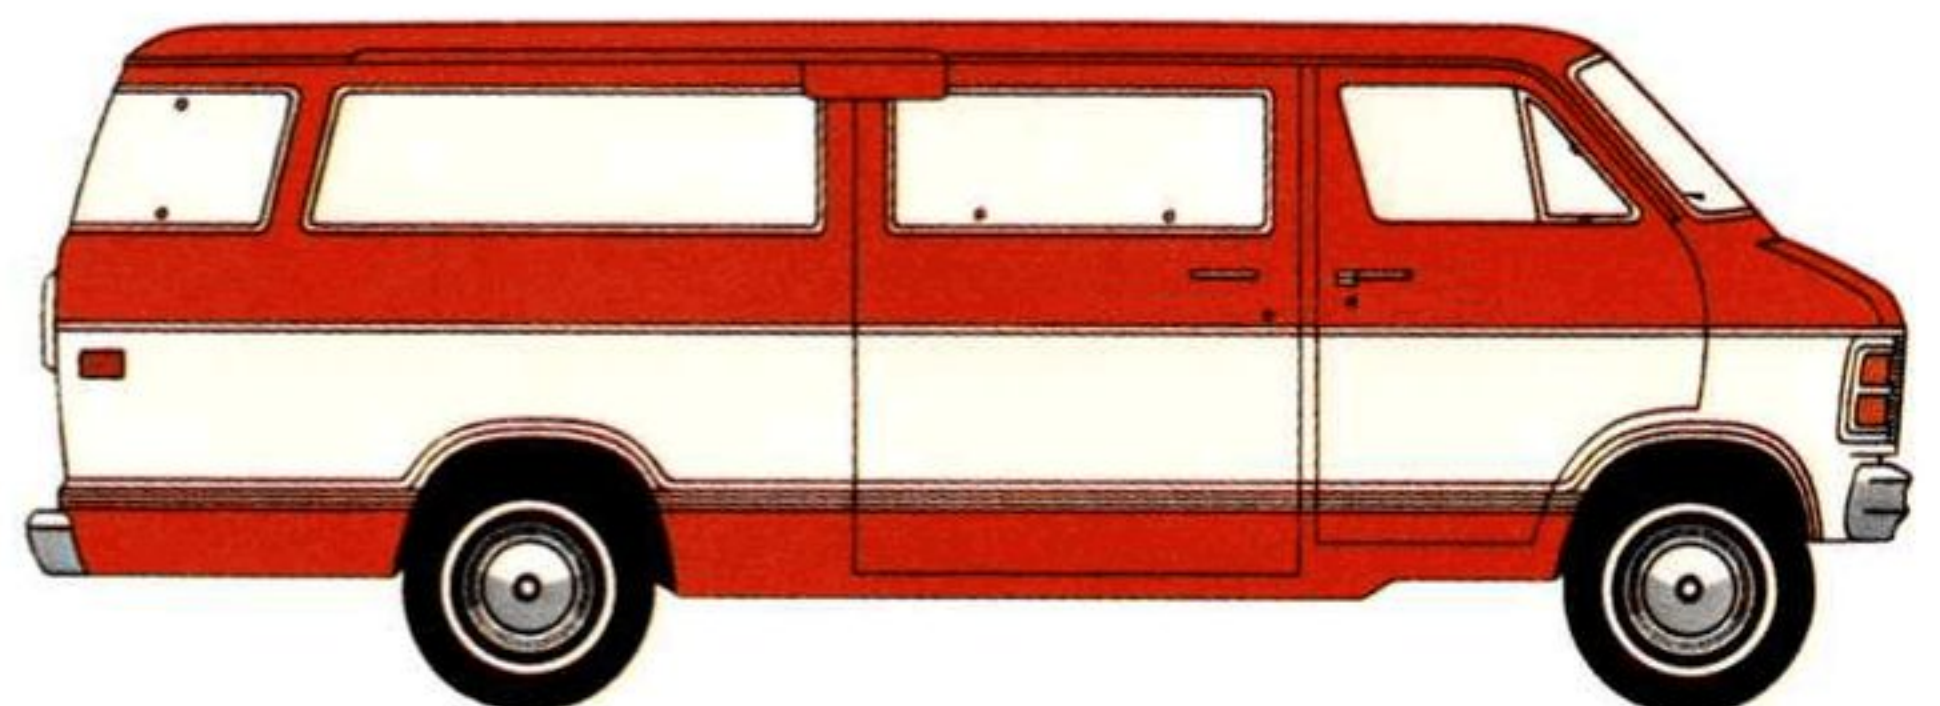

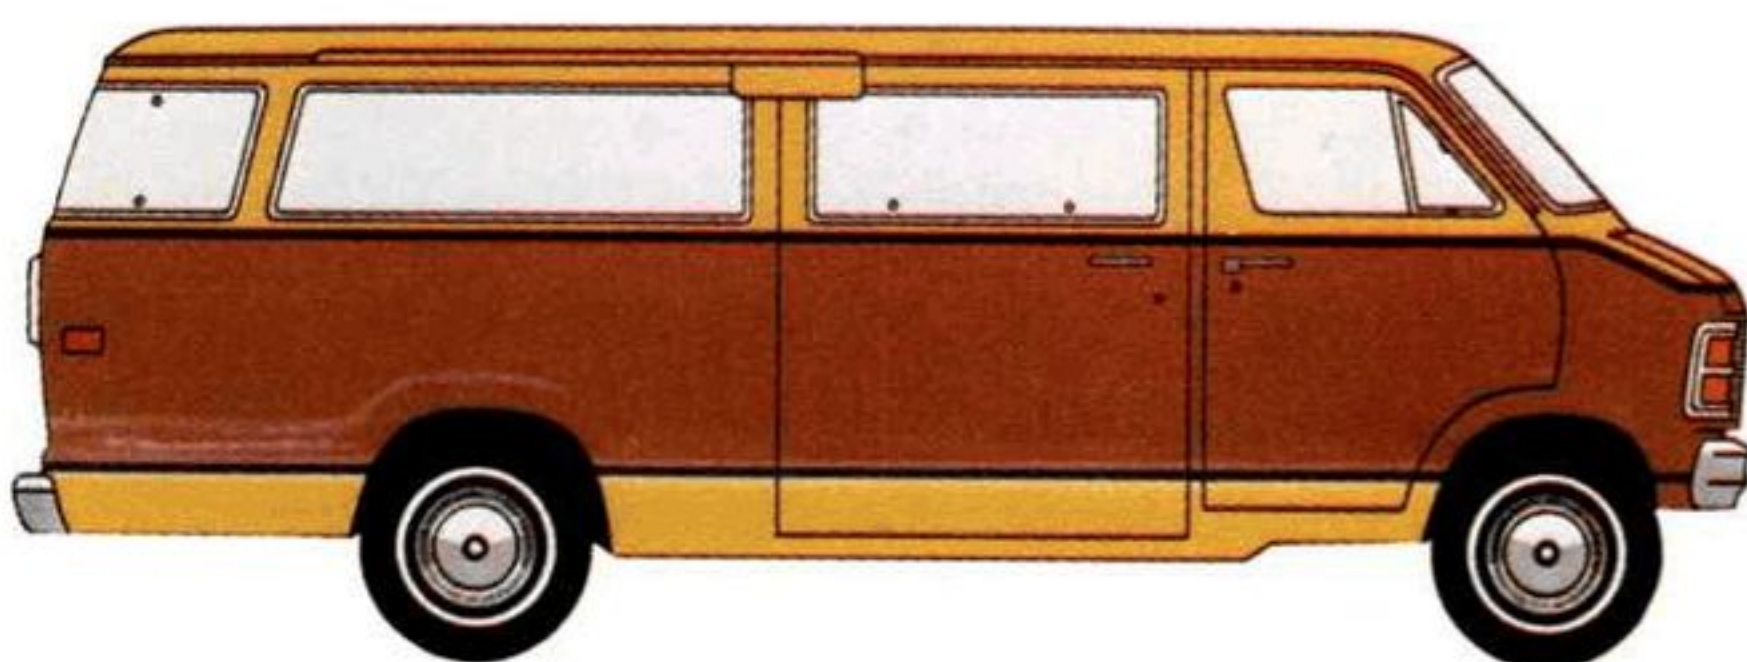

For 1981, even more galvanized steel is used in the building of Dodge Wagons for even better protection. It's your assurance that your good looking Wagon will stay that way even longer!

Two-Tone Paint Procedures

Looking for something different? A chance to add your own personal touch. Dress up your Dodge Wagon with one of

these optional exterior two-tone paint procedures. Your dealer has all the details.

QUALITY ENGINEERING

Your 1981 Dodge Wagon is the product of Chrysler engineering excellence—accelerated to meet today's demands for fuel efficiency, economy, safety and performance. It took new materials, new methods and exciting new concepts in engineering to meet those demands, but it has been done.

Lighter materials without a sacrifice in strength, application of electronic technology, changes in engine-transmission-rear axle ratios and other inventiveness have resulted in vehicles that meet environmental standards . . . and yours!

Add to that the Chrysler dedication to quality production and it's easy to see why people rely on Dodge Wagons for economical, dependable transportation.

BIG FUEL TANK

83 litres (18.3 Imperial gallons) standard. 136 litres (30 Imperial gallons) optional for fewer fill-ups.

REAR AXLES

From 3300 to 5500 pound capacities . . . built to take it.

REAR SUSPENSION AND SPRINGS

A wide range to match your load requirements—from 1610 to 3100 pounds capacity.

CHASSIS LUBRICATION

Under normal use, only once every two years or 36,000 kilometres (22,500 miles) to save you time and money.

SHORT TURNING DIAMETER

Allows easier manoeuvring in tight situations.

POWER FRONT DISC BRAKES

For safe, sure stops—smooth and fade resistant.

CORROSION PROTECTION EXPANDED

Even more galvanized steel and anti-corrosion for longer-lasting good appearance.

MAINTENANCE FREE BATTERY

More power, less service, longer life.

ELECTRONIC SPARK CONTROL

On 3.7-litre (225 cu. in.) engines . . . improved performance, emission control and fuel economy.

IMPROVED ELECTRICAL SYSTEM

Greater reliability with new fuses, connectors and relays.

WIDE HOOD OPENING

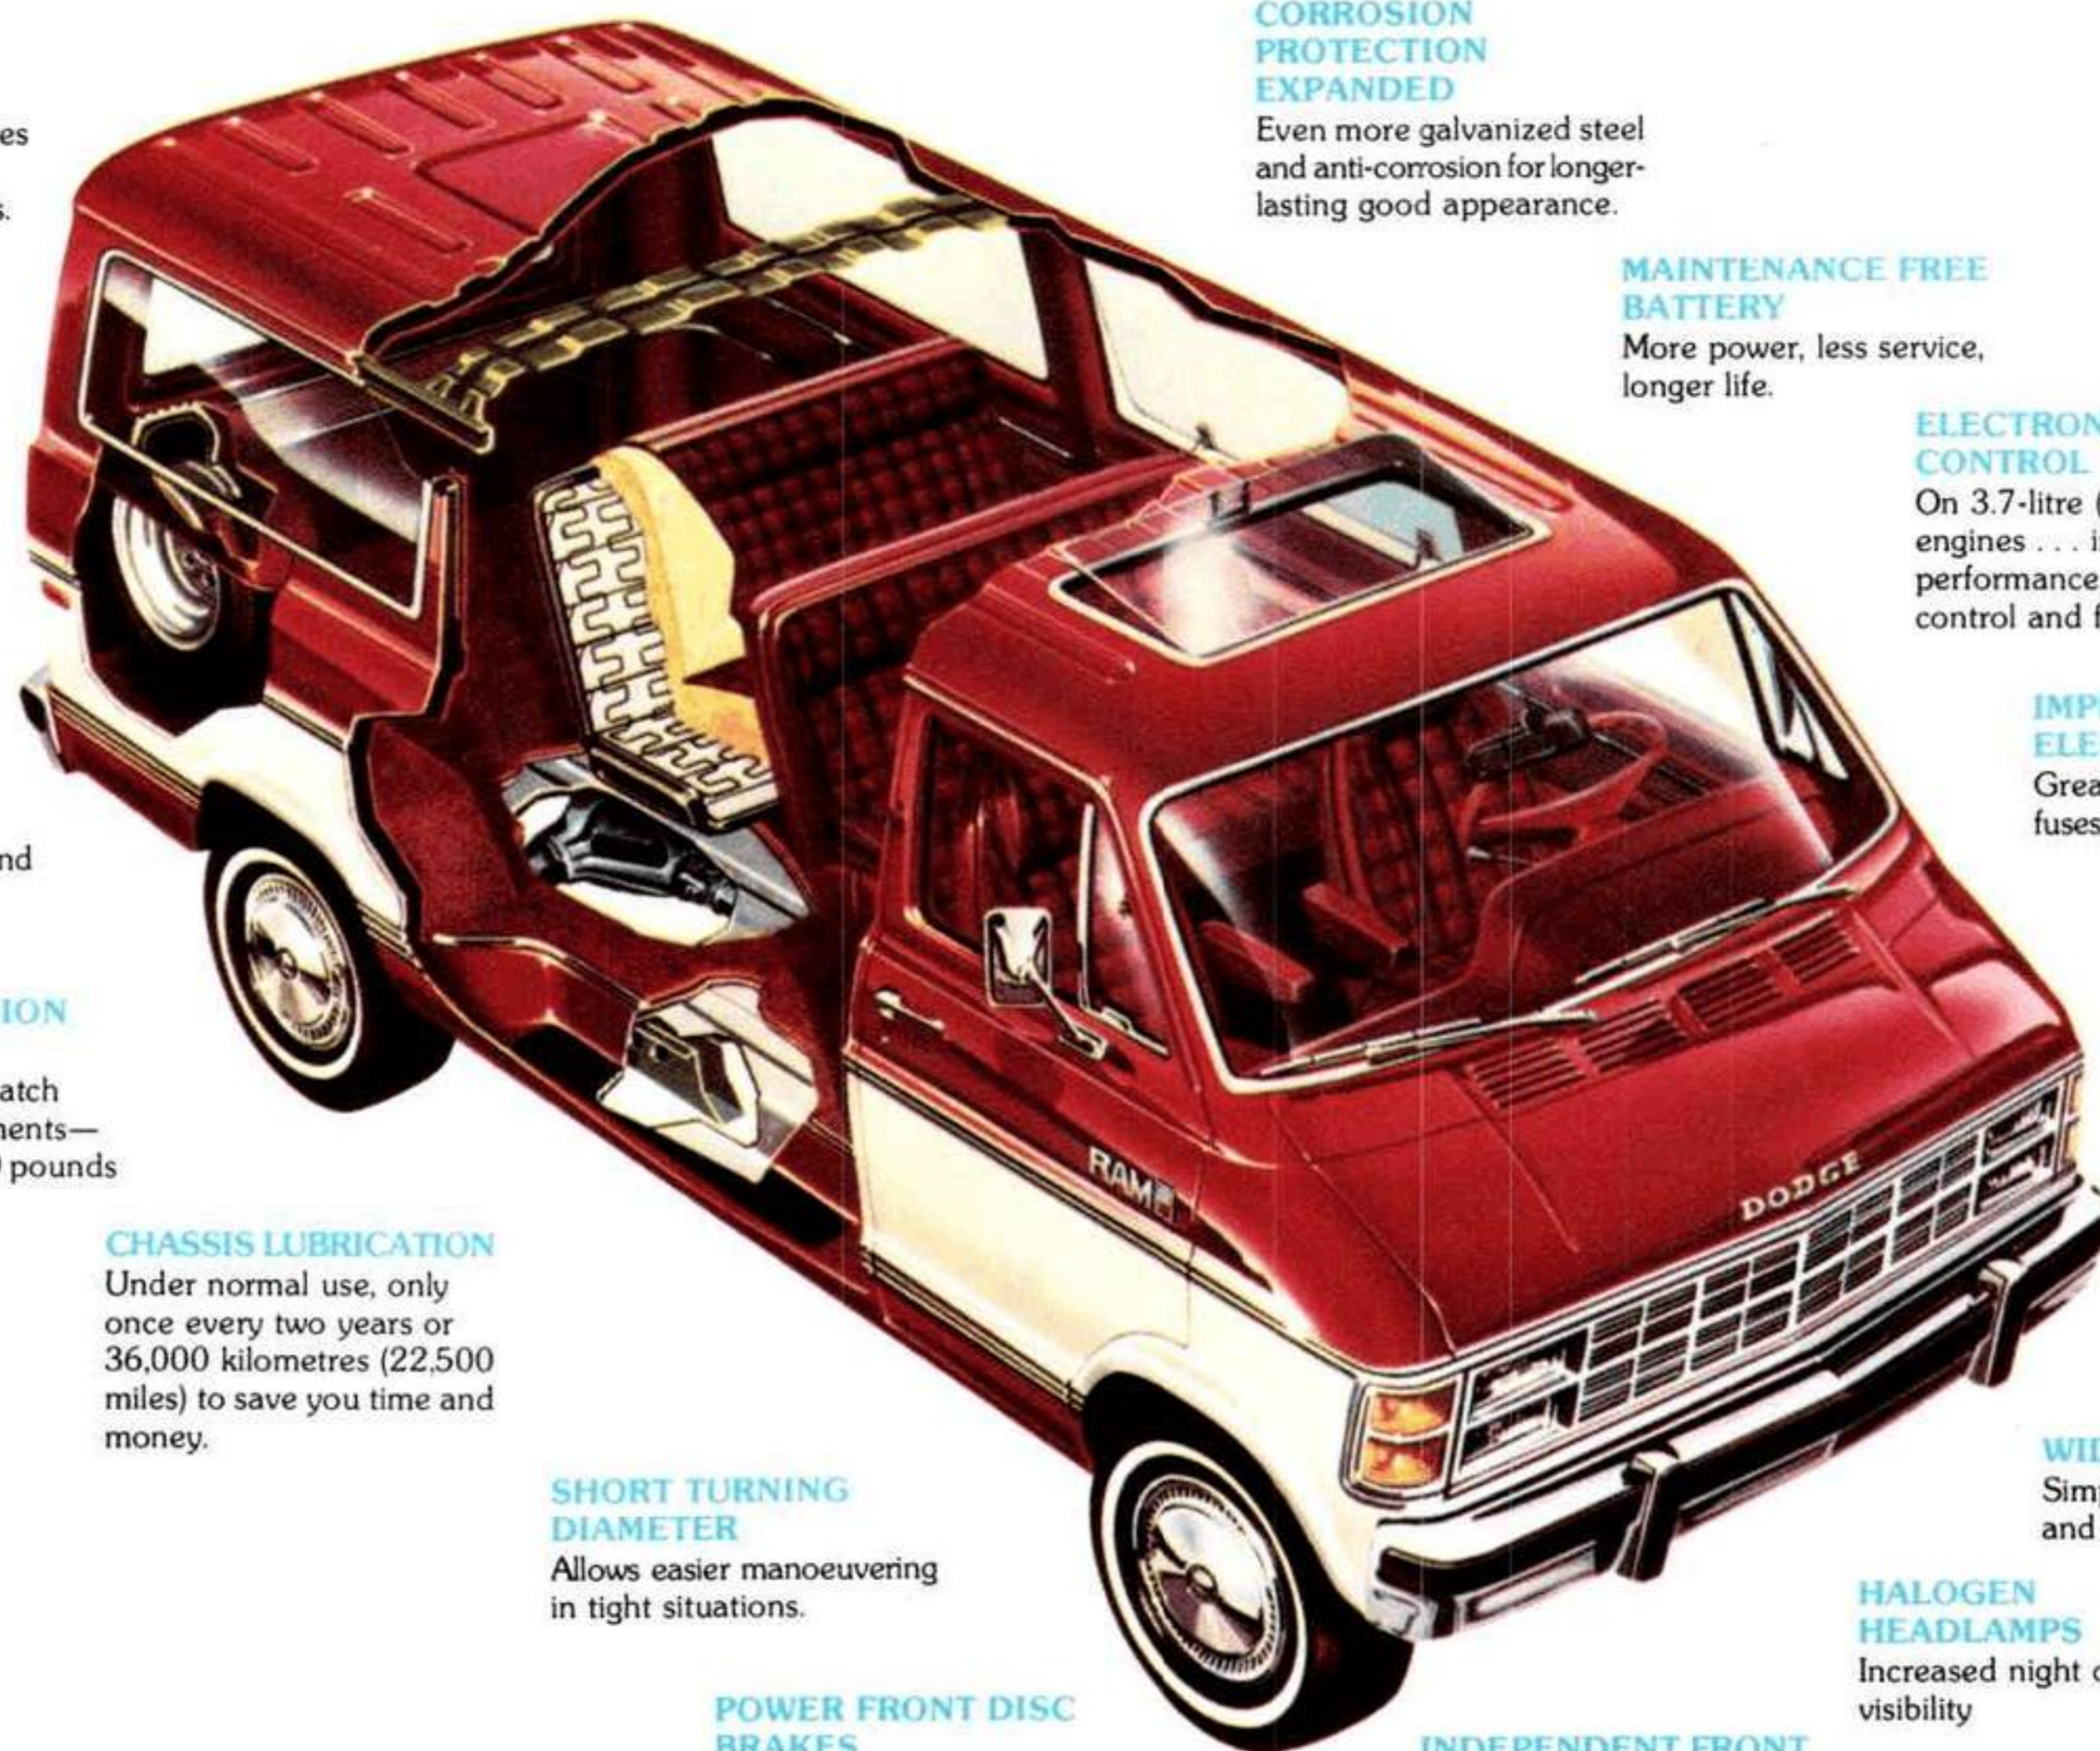

Simplifies system checks and normal servicing.

HALOGEN HEADLAMPS

Increased night driving visibility

INDEPENDENT FRONT SUSPENSION

Smoother ride with computer selected coil springs and suspension—tuned shock absorbers.

A

B

C

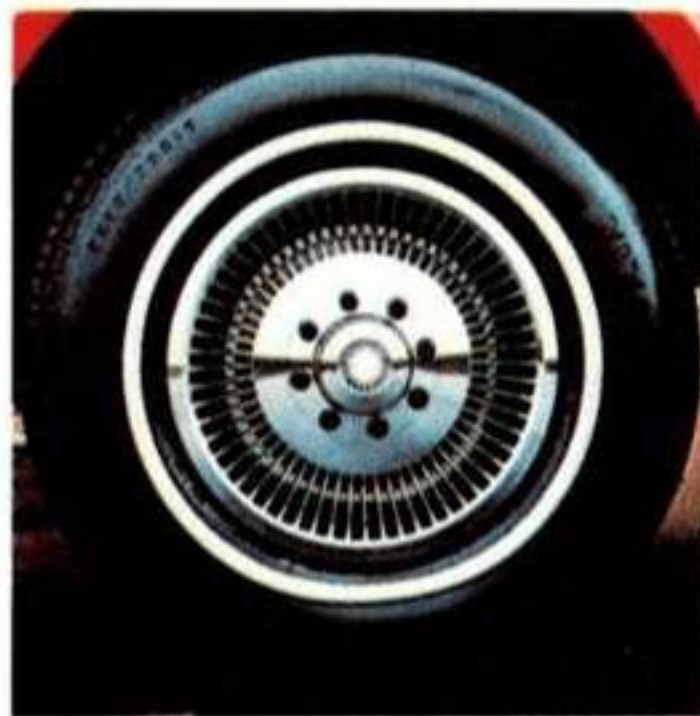

D

E

F

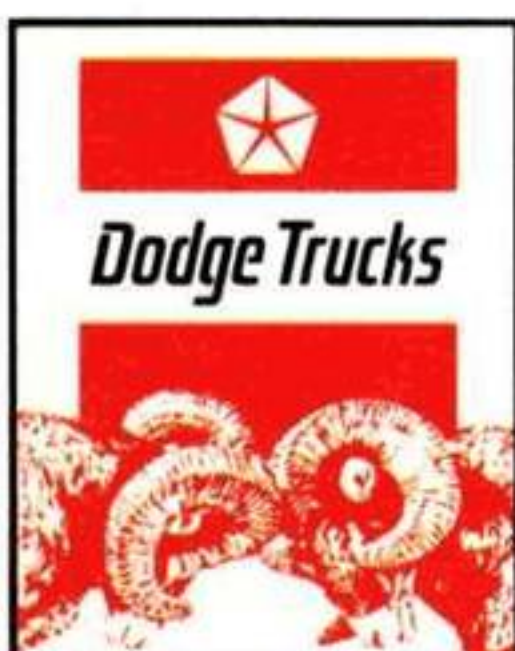

G

- A. **Tilt Steering Wheel** adjusts easily (six positions) to suit your driving posture. Provides easier entry and exit, too.
- B. **Sky-lite Roof.** This gray sun-screen roof lets filtered sunlight into the driver's compartment or, if you wish, can be opened slightly or removed completely to increase fresh air flow to the interior.
- C. **AM/FM/MX Stereo Cassette Tape Player.** Features Dolby* noise reduction system that minimizes tape hiss on cassette cartridges and FM stations.
*Trademark, Dolby Laboratories
- D. **Air Conditioning** lets you control the temperature in your Dodge wagon. Fast response, with a Hi/Lo fan that brings in heated or unheated outside air.
- E. **Electric Door Locks.** Master control permits you to lock both front doors from the driver's seat for extra safety and convenience.
- F. **Vanity Mirror.** A "special" glamour option is this unique lighted mirror located on the passenger side sun visor. When appearances are important, this little extra is sure to reflect well on "you and your Dodge wagon".
- G. **Aluminum Radial Ribbed Road Wheels** are a styling accent that will win many a compliment for your Dodge Wagon.

<p>5 80 CHRYSLER PROTECTION PLAN</p>	<p>An optional service contract that covers your vehicle for 5 years or 80,000 kilometres, whichever occurs first, against major power train repair bills. See your Dealer for complete details.</p>
