

Nissan Cars & Trucks

1990

The new Nissans: vehicles made to suit your lifestyle and the way you like to drive.

Because driving is important to you (and because there are so many different "yous" out there), Nissan offers no fewer than 36 different models to choose from. And no matter which one suits your needs best, you'll find that it has been conceived, designed and

built to be as much a part of your life as the place you call home.

Ergonomically- designed interiors.

Consider the interior of a Nissan.

Every model we sell—from the Turbo Z to a Hardbody Truck—features an ergonomically-designed interior with comfortably contoured seats, instrumentation and controls that function in harmony with your needs and desires.

Optimum handling and performance.

Nissan also equips its vehicles with features like quieter engines that combine superb performance with real efficiency. Sophisticated suspensions that deliver a smoother, more comfortable ride. Plus steering and braking systems that provide you with the kind of control and stability you need in all types of driving situations.

Professional racing with vehicles such as the Nissan GTP car lets us test the advanced technologies we develop for our product line.

Innovations you can really use.

Finally, throughout Nissan's product line you'll find numerous innovations. Like a

head-up display that lets you check the vehicle speed and keep your eyes on the road. It's one more way we strive to ensure that all of our products reflect your lifestyle and the way you like to drive. For complete details on all the 1990 Nissans, visit your nearest Nissan dealer today.

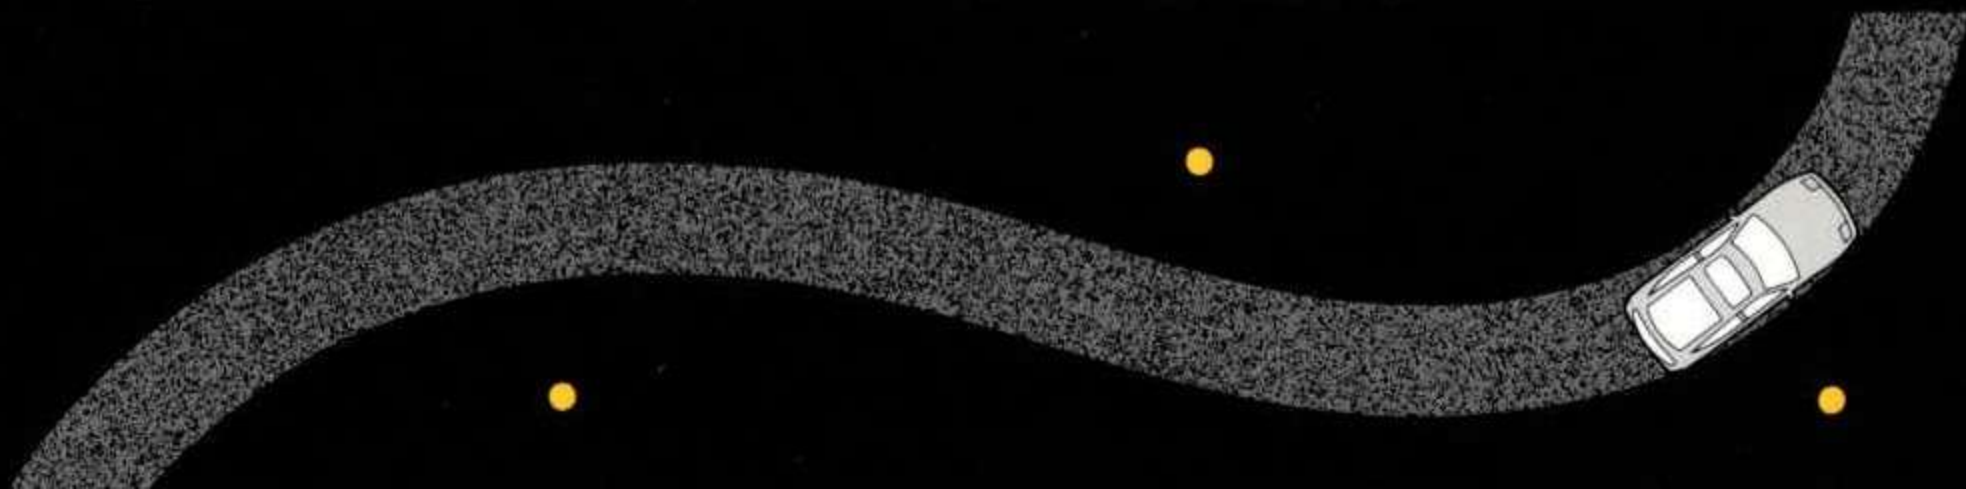

▲ The versatile Axcess demonstrates Nissan's commitment to design that's sleek, contemporary and functional, too.

▲ The revolutionary new 300 ZX is the epitome of Nissan's goal to deliver the very best in power, performance, styling and value.

► Nissan Cars and Trucks are designed and built to enhance your driving experience with responsive power and crisp handling.

The mandate was to build the best sports car in the world. Period.

Here, in one smoothly aerodynamic new package, is a sports car for the 1990's. Tremendously powerful. Quick and agile. Yet, offering an unprecedented level of driver control and comfort.

The 1990 300 ZX is available as a 300 horsepower 2-seater Turbo or as a 222 horsepower V6 2-seater or 2+2 model.

▲ The 300 ZX Turbo displays the dramatic new proportions that differentiate this Nissan from anything else on the road today.

► The 300 ZX 2+2 model combines sports car power, performance and styling with versatile seating for four.

Finally, a sports car you can handle in more ways than one.

Available in two aggressively aerodynamic body styles—Fastback and Coupe—the surprisingly affordable Nissan 240 SX puts dynamic performance, handling and control well within your reach with features like a 140-hp, 2.4-litre, 12-valve engine and Nissan's breakthrough multi-link suspension system.

▲ The Nissan 240 SX Fastback is an affordable way to attain power and exceptional styling. (Shown with Sport Group.)

► Another version—the 240 SX Coupe—offers a distinctive styling all its own with the same outstanding performance.

Here's a sporty, fun-to-drive car loaded with personality.

With seating for four, removable T-bar roof panels and rear hatch, the sporty, fun-to-drive Nissan Pulsar NX can change shape at a moment's notice to accommodate your driving needs. Powered by a 1.6-litre SOHC, 12-valve engine, the affordably priced Pulsar NX was designed and built to deliver good times with real economy.

▲ The affordably priced Nissan Pulsar NX offers dramatic exterior styling and a host of standard features including a T-bar roof.

► A SOHC, 12-valve engine and 5-speed manual overdrive transmission endows the Pulsar NX with superb performance and efficiency.

A unique concept in transportation the whole family can enjoy.

With its dual sliding side doors and a roomy cabin with seating for up to seven (optional 5+2 Seating Package) plus luggage, the Nissan Axxess combines the convenience of a van with the handling of a car. You also have your choice of front-wheel drive or full-time all-wheel drive for added traction.

▲ With its versatile interior, the Nissan Axxess All-Wheel Drive was designed to accommodate passengers, cargo or a combination of both.

► The Axxess Front-Wheel Drive has a powerful, 2.4-litre, 12-valve engine that delivers inspiring performance with impressive economy.

Now you can enjoy the best of both worlds: the 4-door sports car.

Nissan has made it possible to have the power and handling of a sports car together with the room and creature comforts of a luxury sedan.

The 5-passenger, V6-powered Maxima is available in three models—the well-equipped GXE, the luxurious Brougham or the sportier SE.

▲ The performance-oriented Maxima SE features distinctive alloy wheels, integrated fog lights and an aerodynamic rear spoiler.

► The well-appointed GXE is available with an optional Electronics Package which includes a head-up digital speedometer display.

A remarkable new blend of styling, luxury, performance and value.

Outstanding power and handling.
A luxurious, fully-appointed interior. Room for five. A generous 400 L/14 cu. ft. trunk.

These are some of the many traits that make the all-new Stanza one of the best values around—whether you choose the luxurious GXE, the value-leading XE or the affordable DLX.

▲ The GXE's sleek aerodynamic design proves that you don't always have to put practicality before luxury.

► The Stanza XE defines value by offering a high level of comfort and performance at a very affordable price.

Stylish compact cars that combine value with versatility.

It's your choice. 2-Door or 4-Door? Wagon or Coupe? Sentra's four distinctive body styles are designed to meet a variety of individual needs and preferences.

All Sentra models come value-packed with standard features that are options or not available on many competitive models.

▲ The GXE 4-Door Sedan is just one of the ways that Sentra respects your individuality as much as it reflects your sense of value.

► The Sentra XE All-Wheel-Drive Wagon combines added traction and stability with Sentra's traditional performance and value.

Our most affordable Nissan is only small on the outside.

Our most affordable Nissan of all, the Micra, delivers quick, agile handling with optimum efficiency.

Available as either a 3-Door or 5-Door model, Micra's versatility and value make it an ideal choice for that first new car purchase or as a thrifty addition to the family fleet.

▲ The Micra 5-Door combines peppy performance and efficiency with a roomy interior that offers easy access.

► Micra's ability to capture tight parking spaces and maneuver in and out of traffic make it an ideal choice for urban commuters.

They're ready
and willing to
take whatever
you dish out.

With a chassis of pure brawn,
the Hardbody 4x4's live for
the great outdoors.

Available in four different
models, they come with V6 or
4-cylinder engines for respon-
sive power. And with nearly 9"
of available minimum running
ground clearance, they're built
for off-road driving.

▲ Known for their 4x4 ruggedness, these Hardbodies have comfortable interiors that are anything but rugged.

► The Hardbody 4x4 is built tough with a rugged steel chassis, double-wall cargo bed, off-road steel-belted radials and more.

From front to back and top to bottom, it's one tough truck.

If there's one word that describes a Nissan Hardbody 4x2, it's this one: tough. Inside and out.

Available in four different models, they're built to put in a hard day's work every day with strong, double-steel cargo beds powered by either a new, more powerful V6 or 4-cylinder engine under the hood.

▲ Nissan Hardbody 4x2's feature double-steel wall cargo beds and a towing capacity of 1,588 kgs.

► The Nissan Hardbody 4x2 offers you a choice of an economical 4-cylinder engine or a powerful new 3.0-litre V6.

The versatile Nissan that's part car, part truck... and totally unique.

Now available in a 2-door and new 4-door model, Pathfinder offers the luxury of a plush, car-like interior, plus the go-anywhere, tough V6 performance of a rugged truck.

Sleek, head-turning good looks in your choice of XE or SE trim levels make this sport/utility vehicle truly outstanding.

▲ Tough as nails, this rugged Nissan Pathfinder is also stylish and elegant enough for a night on the town.

► The well-equipped Pathfinder gives an off-road ride that is nothing short of remarkable.

Finely-crafted engines that give you the performance you demand.

From the 2.5-hp model to the 140-hp V4 outboard, Nissan technological expertise delivers optimum power and performance while delivering smooth, quiet operation.

Sealed-ignition, loop-charged, and a pulse-tuned exhaust are just a few features that make your boating a pleasure.

Nissan has put advanced technology to work for your business.

Nissan's extensive line of forklifts reflects our on-going commitment to helping you get the job done.

In the field of materials handling, we've outdistanced the competition with innovations like the Floating Cab system and our famous indoor/outdoor Nomad series.

Nissan Canada
and your Nissan

dealer urge you to be a smart driver and use your seatbelt/shoulder belt whenever you drive. It does save lives. Remember, if you don't belt yourself, you're kidding yourself.
