

1995 **Geo TRACKER**

**Wherever your tracks lead,
Tracker takes you there.**

Outdoor adventure comes in many shapes and

forms. So do Trackers. Geo's popular sport utility vehicle is available in a value-priced 2WD Convertible, a 4x4 Convertible, a practical 4x4 Hardtop, and the top of the line LSi 4x4 Hardtop or Convertible. Tracker takes you wherever you want to go, with exacting quality and proven reliability. All at a price that is very down to earth.

New for 1995, a 95-hp 16-valve engine on 4WD models delivers 18% more power than last year's standard engine.

Truck-tough features include a Ladder-type frame, and big

15" all-season tires. So you get the best of both worlds. In the

city, few vehicles are so easy to manoeuvre or park. On the highway, you're sitting up high for a great view. And when you're ready to discover new trails, a wide stance and high ground clearance make Tracker's capacity for adventure almost unlimited.

This year Geo Tracker makes it easier than ever to open up to the great outdoors. That's thanks to an all-new easy to use convertible top. Simply release the latches. Unzip the rear windows. Push back the top, and you're ready to bring the outside inside. It's an easy, one-person operation.

**Tracker LSi is standard
equipment for any adventure.**

When you get behind the wheel of a Geo Tracker

LSi, you're ready to go as far as your imagination can take you. And Tracker LSi will take you there in style, with a personality all its own.

The LSi is available as a Convertible or a Hardtop. The uplevel LSi models set themselves apart with body-colour bumpers and mirrors, bodyside mouldings with gray accent striping, and special rocker panel mouldings. Distinctively styled 15" aluminum wheels

are standard.

The real appeal of the LSi, though, is more than skin deep. Start with standard 4-wheel drive and automatic-locking hubs that let you shift from 2WD to 4WD without leaving the vehicle.

Off-roading requires more than 4WD. That's why 4WD Geo Trackers have a truck-tough Ladder-type frame, a high 20-cm (7.9-in.) ground clearance, and a tight 9.8-m (32.2-ft.) turning circle.

Tracker 2-Wheel Drive Convertible.

LSi Convertible with standard 15" aluminum wheels.

Automatic locking hubs which allow for easy shifts in and out of 4-wheel drive from inside the vehicle are standard on LSi 4x4 models.

The mountains are now well within reach.

The Geo Tracker 4WD Convertible is a great way

to let your imagination guide you, whether it's high-tailing it to the water's edge for some boardsailing or taking to the slopes for some vertical adventure. Top up, top down, 2-wheel or 4-wheel drive, Tracker is your means to the great escape. Better yet, you can escape the high cost of other 4-wheel drive sport utility vehicles.

Geo Tracker has all the toughness you need to handle the road and everything that lies beyond it. A rugged, Ladder-type

frame reduces body flex and provides exceptional strength.

The chassis design (with its wide stance and tuned suspension) contributes to excellent vehicle stability, an impressive highway ride, and exceptional manoeuvrability. All 4-wheel drive models are designed to keep you going when there's more mud or snow than road, thanks to all-season tires and a 2-speed transfer case that helps maximize torque output from the new 16-valve engine.

That's how Tracker owners end up in places others only see in photographs.

Before enjoying the great outdoors, enjoy the great indoors.

If getting there is half the reward, there's no better way to get there than inside your Geo

Tracker. It's just as bold and colourful on the inside as it is on the outside.

And you'll be happy to know that the Tracker interior is as functional as it is pleasing to the eye, with standard convenience

features such as intermittent wipers, dual cupholders, full carpeting (including the cargo area),

and Scotchgard™ Fabric Protector for stain resistance and easy cleanups. A dual playback AM/FM stereo with cassette tape player and CD is optional.

Tracker 4-Wheel Drive Convertible.

Standard Scotchgard™ Fabric Protector on seat fabrics.

Standard analogue instrumentation with trip odometer.

Optional automatic transmission.

Standard centre console with cupholders and storage tray.

Optional AM/FM stereo with cassette tape and compact disc player.

Standard fully reclining front bucket seats.

Standard Linear interior fabric.

Optional Expressions interior fabric.

Inside every Tracker there's more than meets the eye.

Tracker's expressive looks are immediately apparent. Other attributes of Tracker require a little more time to appreciate. About as long as it takes to turn on the ignition and engage the standard smooth-shifting 5-speed manual transmission. Then you'll experience the new 16-valve, overhead camshaft engine which provides excellent response through a wide rpm range. This 1.6 litre engine gives you 95 horsepower at 5600 rpm. The engine features Multi-Port Fuel

Injection for smooth throttle response, and an accessory drive

belt that's designed to never need adjustment.

To give you superior control whether you're driving on or off the road, Tracker has precise steering and power front disc/rear drum brakes with a standard rear-wheel anti-lock system. Because we believe a sport-utility vehicle doesn't have to be expensive to give you the features that are most important to you.

Inside LSi, you'll discover Deluxe cloth seat fabrics, dual cupholders and standard power steering. The LSi also includes innovative rear bucket seats with a flip/fold/stow feature that adds to cargo-carrying capacity. Luggage capacity, on the Hardtop, is an impressive 904L (31.9 cu. ft.) with rear seats stowed.

DOWN THE ROAD. GEO STANDS BEHIND EVERY VEHICLE IT BUILDS

When you take delivery of your new Geo Tracker, you're getting more than an excellent new vehicle. You're getting a commitment from the entire Chevrolet/Geo organization to treat you as a valued customer.

We're proud to say that no import or domestic car company offers as large a dealer network as Chevrolet/Geo. Wherever you go in your new Geo, it's good to know that, if you should ever need it, service is always as near as a Chevrolet/Geo dealer.

Simply stated, we want your Geo to be a pleasure to own, from the day you buy it to the day you sell it. And if we're successful, we hope you'll come back and buy another Geo from us.

As a Geo owner, you are covered by a comprehensive owner-protection plan that includes all of the following:

GM TOTAL™ WARRANTY

The GM 3-year/60,000 km TOTAL™ Warranty (whichever comes first) covers complete vehicle repairs for all 1995 Geos, including parts and labour, to correct any defects in material or workmanship occurring during the warranty period. Warranty features include air conditioning repair, towing, no-cost warranty transfer, and 5-year/80,000 km (whichever comes first) emissions control system coverage. There is no deductible. Regular maintenance is not included. See your Chevrolet/Geo dealer for terms of this limited warranty.

24-HOUR ROADSIDE ASSISTANCE

When you drive away in your new '95 Geo, the security and convenience of round-the-clock Roadside Assistance is available via a toll-free number useable anywhere in Canada or the United States.

During the warranty period*, whenever a problem may occur, your Roadside Assistance advisor is just a phone call away. Whether it's lock-out assistance, a jump start, a flat tire change, fuel delivery or towing assistance, we'll be there to get you on the road again, usually without charge.

*3-year/60,000 km (whichever comes first).

COURTESY TRANSPORTATION

When you purchase or lease a 1995 Geo, you will be offered Courtesy Transportation while your vehicle is serviced at your Chevrolet/Geo dealership for repairs covered under the 3-year/60,000 km GM TOTAL™ Warranty. See your Chevrolet/Geo dealer for full details.

At your Chevrolet/Geo dealer, financing your new vehicle can be as easy as saying GMAC. With GMAC, financing is done right in the showroom.

Terms are tailored to suit your personal needs, and you can choose your monthly payment date.

GM SmartLease is simply an alternative to traditional financing. SmartLease lets qualified customers pay for the portion of the vehicle that is used rather than paying for the entire vehicle as you would with traditional financing. What's more, SmartLease can provide you with the following benefits: Low up-front costs, low monthly payments, drive more vehicle for your money, drive a new vehicle more often, no resale risks or trade in hassles and an option to purchase when your lease ends. Most important, there are no surprises with SmartLease. Leasing doesn't have to be a mystery, see your dealer about the benefits of SmartLease or call 1-800-32 SMART.

TRACKER SAFETY FEATURES

Occupant Protection

- Manual lap/shoulder safety belts outboard front and rear seat positions
- Energy-absorbing steering column
- Energy-absorbing instrument panel
- Interlocking door latches
- Folding front seat locks, manual
- Breakaway inside rearview mirror
- Security door locks and door retention components
- Laminated windshield glass, urethane bonded
- Head restraints, front seats
- Side door beams

Crash Avoidance

- Automatic Daytime Running Lamps
- Side marker lamps and reflectors
- Parking lamps
- 4-way hazard warning flashers
- Backup lamps
- Directional signal control
- Centre high-mounted stop lamp
- Windshield defrosters, washer and multi-speed wipers
- Outside rearview mirrors
- Brake system with dual master cylinder plus warning light
- Starter safety switch
- Dual action hood latch
- Low-glare finish (inside windshield mouldings, wiper arms and blades, metallic steering wheel surfaces, inside rearview mirror frame and bracket)
- Illuminated heater and defroster controls
- Tires with built-in tread wear indicators
- Audible disc brake lining wear indicators

Theft Deterrence

- Visible vehicle identification number
- Theft-deterrent steering column lock
- Remote inside hood release

Turn Your Dream Into A Reality

With the GM Visa Card, your dream of owning a new GM car or truck can quickly become a reality. Every time you make a purchase using the

GM Visa Card, 5% of that purchase price become earnings which you can apply to the final cost of your next new GM car or truck. Save up to \$3500 over 7 years without having to do anything other than charge your usual purchases to your GM Visa Card.

Plus, when you make a purchase with your GM Visa Card at any one of the GM Card Partners, you can save an additional 5%. And there's no limit to how much you can earn with the Partners.

The GM Visa Card charges no annual fee. To receive an application, please see your local GM Dealer, TD Branch or call: 1-800-461-3279.

* Used under license. The GM Card is a trademark of the General Motors Corporation. Up to \$500 annually or maximum of \$3500 over 7 years. No limit on Partner Earnings.

Important: A Word About This Catalogue

We have tried to make this catalogue as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet/Geo dealer for complete details.

A Word About Engines

Geo vehicles are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

A Word About Corrosion Protection

Geo vehicles are designed and built to resist corrosion. All body sheet metal components are warranted against rust-through corrosion for 6 years/160,000 kilometres. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your Chevrolet/Geo dealer for terms of this limited warranty.

A Word About Assembly

Geo vehicles are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Geo vehicles incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Geo vehicles with different or differently sourced components than originally scheduled. All such components have been approved for use in Geo vehicles and will provide the quality performance associated with the Geo name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

Note: Instruments shown throughout this brochure are metric in Canada. Vehicles in Canada are equipped with automatic Daytime Running Lamps.
