†Designed for use only by children who are at least one year of age, who weigh between 22 and 40 lbs., are between 33.5 and 40 inches tall and are capable of sitting upright alone. †Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. **Front-seat side-impact air bags help reduce the risk of certain injuries to front-seat occupants in side impacts. See the Owner's Manual for more safety information.

Fun things are bound to happen
when Chevy and Warner Bros. get together.

Keeping the kids entertained during long rides can be a real challenge. Thanks to the new Chevy Venture Warner Bros. Edition, it's a piece of cake. With the **integrated video entertainment system**, backseat passengers can watch their favorite movies. Plus, there's a **video interface** for plugging in electronic games and laptop computers. You'll even receive ongoing special benefits and privileges at no additional cost. It's all part of the **VentureTainment! program** — our way of making sure there's always fun headed your way!

The most versatile minivan ever.

Underneath all the fun and entertainment, it's still a Chevy Venture, offering a ton of versatility. The lightweight **flip-and-fold modular bucket seats** weigh as little as **38 lbs.** each. And they offer **more than 200 different seating configurations**, easily adapting to just about any situation. Another convenient option is the **power sliding passenger side door**. With just the push of a button, you can automatically open the door for kids, animals and other assorted passengers and cargo.

Playing it safe.

You may have heard that child safety seats are misused 85 percent of the time. So how can you be assured that your toddler will be traveling in a properly installed seat? With Chevy Venture's **integral child safety seat**, standard on the Warner Bros. Edition.* And because we know how families can grow, a second integral child safety seat can be ordered as an option. This is **just one of over 60 safety and security features** that have been engineered into Chevy Venture. Because when it comes to safety, we want to give your family every advantage.

Three fun colors to choose from.

Dark Sapphire Metallic

Silvermist Metallic

Medium Redfire Metallic
