

2009 Nissan Murano

Murano leads with innovation and follows through with devotion to the smallest detail. Motion has a fresh shape. From a ceiling of sky to a refined virtually gearless transmission, nothing holds us back. So move forward into spaciousness. Embrace the details. Delight in technology. Revolve around complete comfort. A totally redesigned interior will reward you. And it all starts with a touch of the Push Button Ignition. The all-new Nissan Murano. What will it inspire next?

Eyes that were meant to illuminate your soul...

...and encourage your spirit to soar.

Nissan Murano LE AWD shown in Platinum Graphite.

Nissan Murano LE AWD shown in Beige Leather with optional equipment.

Inspiration can come from anywhere.

Just look up...

They call it a **Dual Panel Moonroof**. But it's more like a discovery. Look for yourself through Murano's available multi-paneled glass roof. Have you ever seen the city in this light? Or from this angle? Makes you wonder who was the first person to visualize such openness and sense of freedom? And in the process learn that by taking something away, namely a conventional roof, you actually gain.

The best ideas don't start and stop. They flow. Just like Murano's power shades. Press a button and it's bye bye sun. Hello private sanctuary.

Nissan Murano LE AWD shown in Merlot.

Take in a commanding view.

The future is yours to see. And what an inviting sight it is. Illuminated gauges are recessed and easy to read. A center dash cascades down to the console. Available double-stitched leather-appointed seats with lumbar support. The generous use of real aluminum throughout the cabin. And most notably, Push Button Ignition. Perfect for those looking ahead.

Innovative Thinking:

- 7" Color Monitor with Multiple Information Displays¹
- RearView Monitor¹
- Aluminum-trimmed Gauges
- Heated Front and Rear Seats¹
- Push Button Ignition
- Rain-sensing Front Wipers¹
- Tilt/telescoping Steering Wheel¹
- Bluetooth[®] Hands-free Phone System¹

¹See Specifications for availability. [®]The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license.

Some things should just come easy.

Control your intuition. Touching base without losing your grip on the wheel is easy with the Bluetooth® Hands-free Phone System.¹ Get in while talking on your Bluetooth-enabled phone and it hands the call over to the Murano's system with no interruptions. And it transfers back without missing a beat when you leave.² On navigation-equipped models, you even can access a digital phone list on the LCD display.

Intuition is like that. You use something once, and from then on, it's like it becomes a part of you. Maybe it's the way all the knobs and controls are ergonomically placed. Or the amazing versatility of the 9.3 GB Music Box hard drive that holds up to 2,900 downloaded songs and plays through Murano's available 11-speaker Bose® audio system. But then, you knew all that.

iPod®-friendly¹. The iPod interface on the LE not only gives you a playlist-style readout on the display, it also lets you control all your iPod functions with the display's touch-screen, through the audio system controls or steering wheel controls. Murano's standard auxiliary audio input jack makes it easy to connect to any MP3 player.²

MP3 CD Capability¹. Load 6 MP3/WMA CDs in the available in-dash 6-CD changer for over 1,000 tunes.

Compact Flash Card Slot¹.
Bring your MP3 music files on a card and play away.

XM® Satellite Radio¹. Whether it's music, news, sports, or local traffic and weather, you can catch your favorite station from coast to coast.⁴

Where's the movie playing? Try the roof, as in the available roof-mounted power flip-down DVD entertainment system with 9" color monitor. Just pop a DVD into the player in the center console, and it's showtime. So sit back and relax. Your suite awaits.

¹See Specifications for availability. ²Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. Cell phone not included. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. ³Driving is serious business and requires your full attention. Do not operate any devices connected to the auxiliary audio input jack while driving. ⁴XM® Satellite Radio requires XM subscription sold separately after first three trial months. All fees and programming subject to change. Subscriptions subject to Customer Agreement available at xmradio.com. XM service only available in the 48 contiguous United States and Canada. The XM name is a registered trademark of XM Satellite Radio Inc. ⁵iPod is a registered trademark of Apple, Inc. All rights reserved. iPod® not included.

Virtual beats reality.

Murano's advanced navigation changes the rules of the game. Use voice recognition or the touch-screen 7" color monitor to find your way.¹ Beat the rush with XM NavTraffic[®] with advisories in real time.² In many major metropolitan areas, the navigation system can even give you building footprints in 2-D mode – perfect for finding hidden streets and alleys – and by size and shape in 3-D Birdview[™] mode, to get you anywhere in virtually no time at all.¹

XM NavTraffic[®] displays color-coded real-time traffic advisories to keep you ahead.² It even determines average traffic speed and estimates travel time along your route, and recalculates as factors change.

Three ways to go. You can enter the address, intersection or business phone number and a network of GPS satellites will guide you via a conventional map or the patented 3-D Birdview.^{™1}

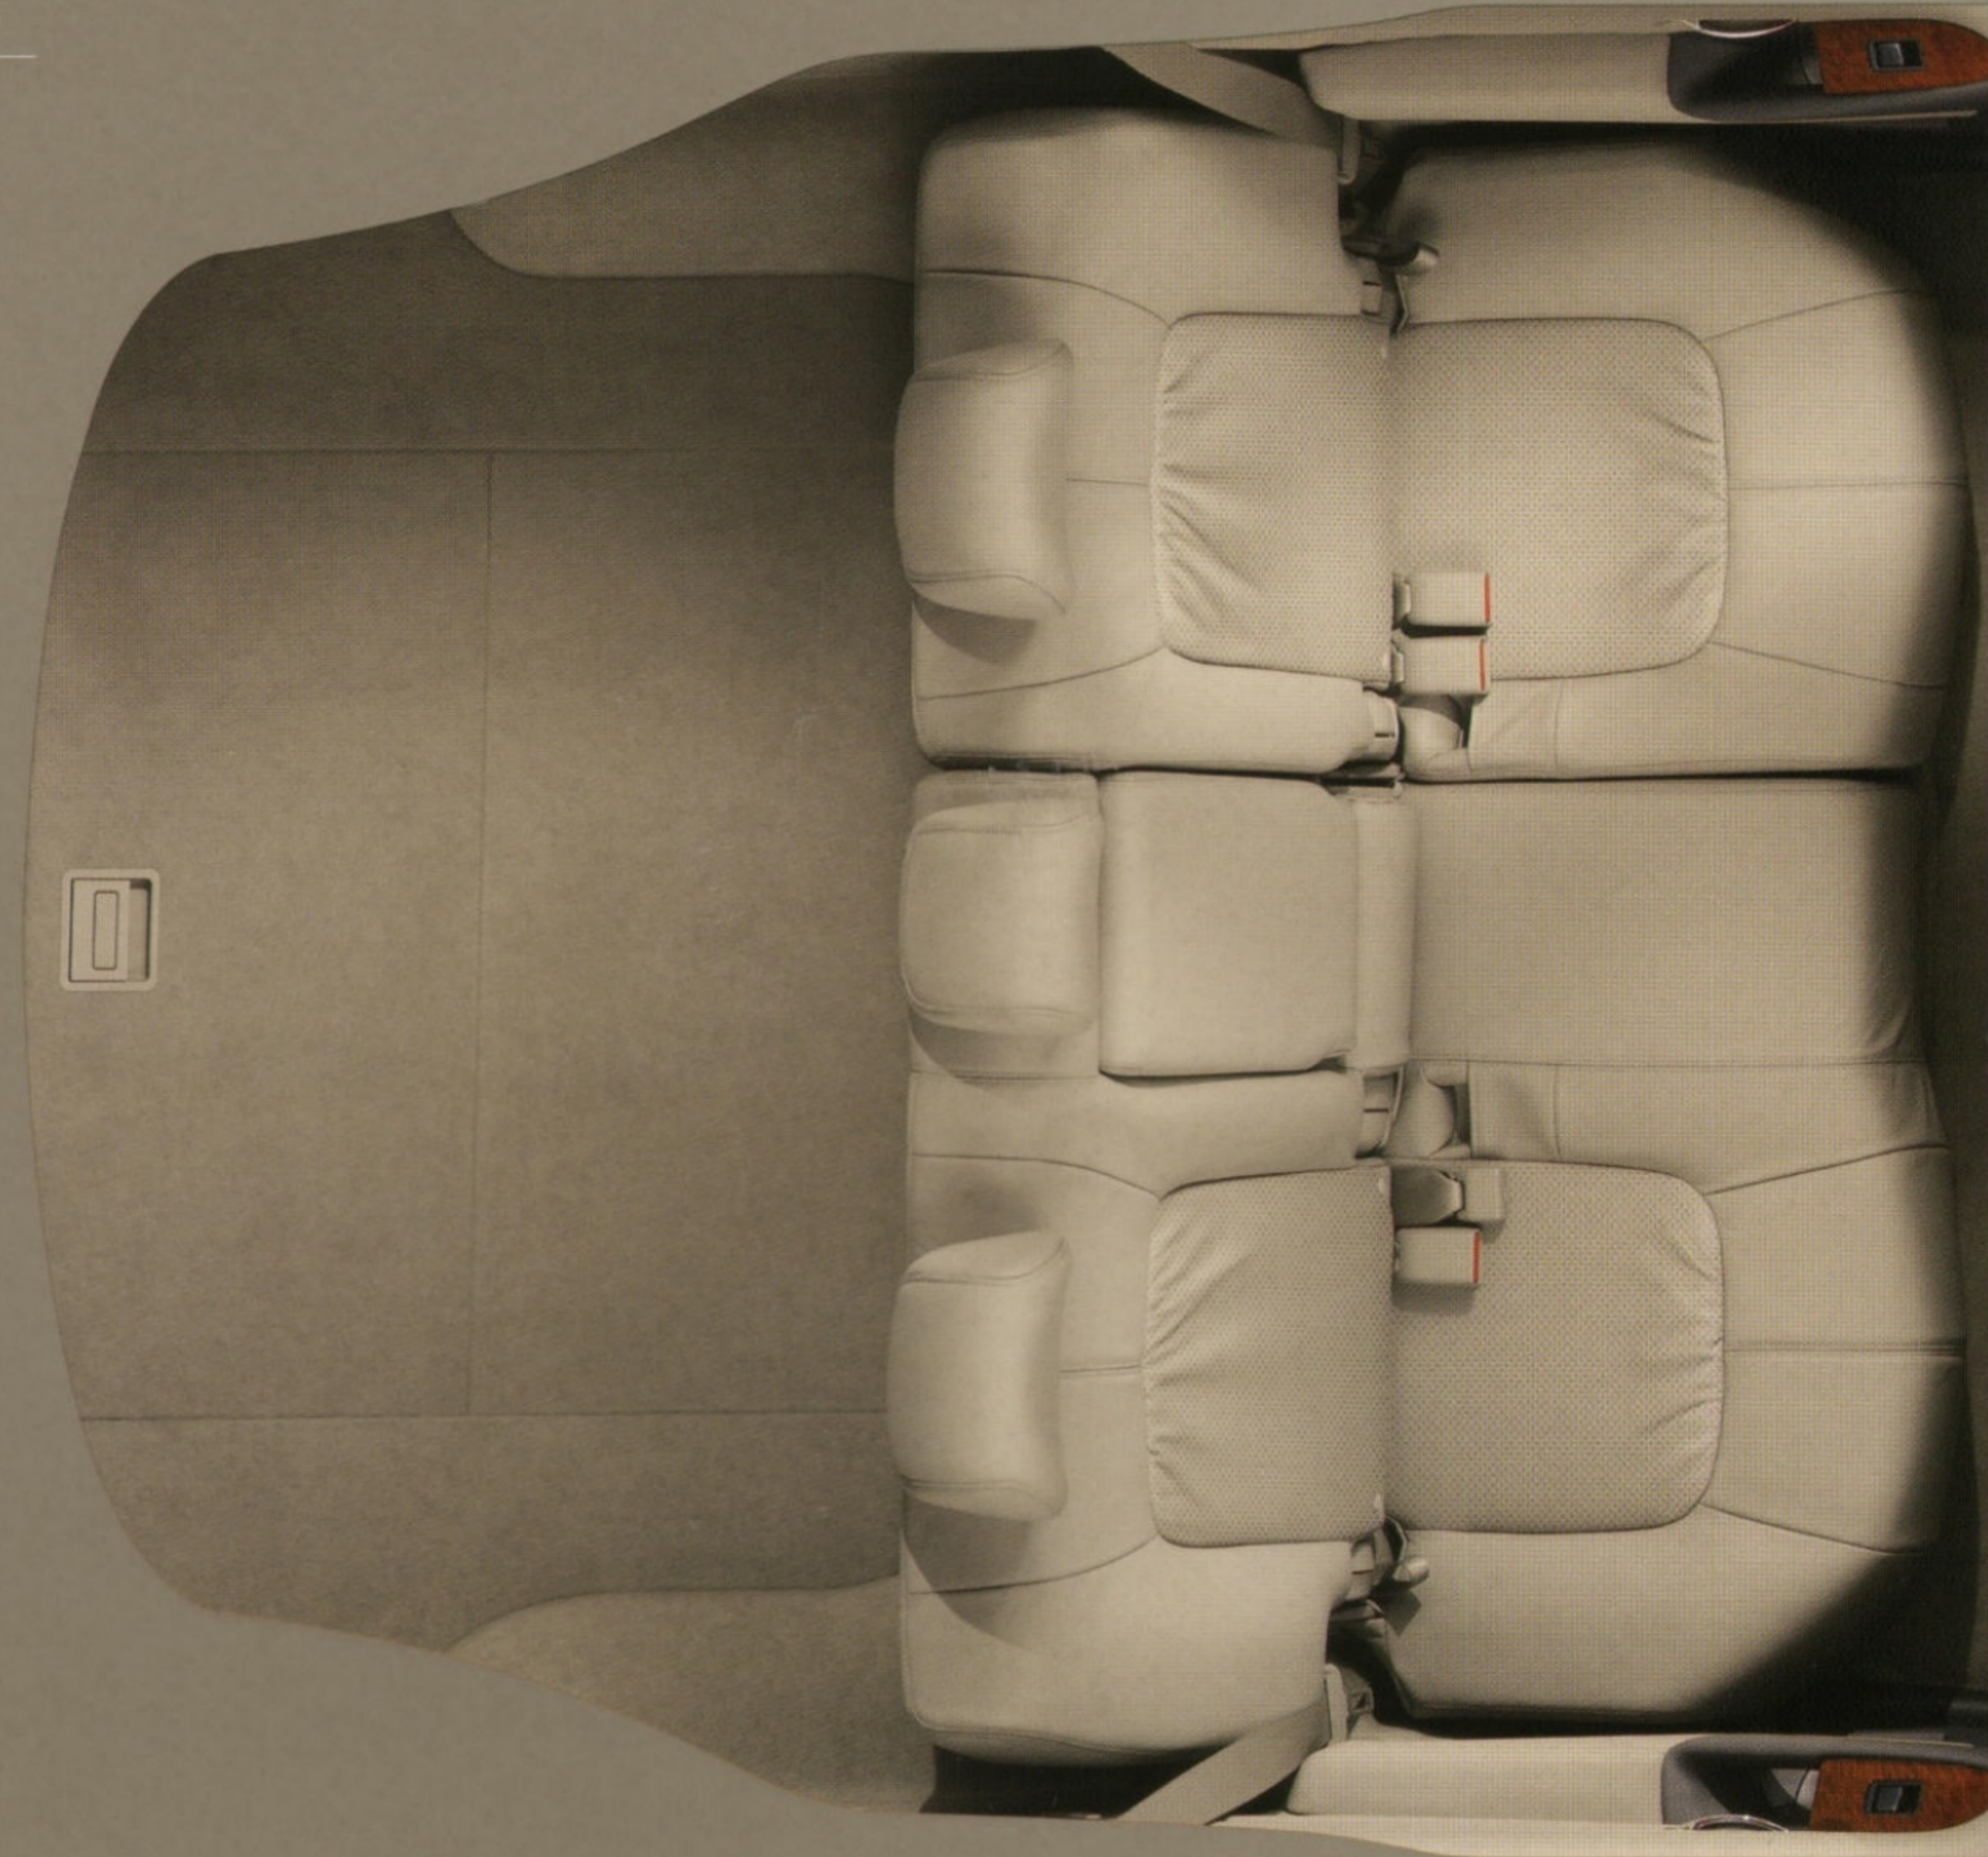

Craving pizza? You can easily search for local restaurants by cuisine or choose from over 5 million points of interest.¹

RearView Monitor. What could be more convenient than seeing what's directly behind you? Simply engage reverse and the color camera mounted on the rear of the vehicle goes into action.³

Information Center. Murano's available 7" touch-screen puts your world at your fingertips, with large, easy-to-read menus for audio information, climate control, and trip computer. There's even an iPod[®]-style playlist for music you've stored on the hard drive, and a digital phonebook for use with your Bluetooth[®]-enabled phone.

¹Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. Navigation system is inoperable in Hawaii and Alaska. It is operational in the contiguous 48 states and Canada.
²Required XM radio and XM NavTraffic monthly subscriptions sold separately after trial period. Installation costs and other fees and taxes may apply, including a one-time activation fee. XM NavTraffic only available in select markets. Subscription fee is consumer only. All fees and programming subject to change. Subscriptions subject to Customer Agreement available at xmradio.com. XM service only available in the 48 contiguous United States and Canada. The XM name and XM NavTraffic are registered trademarks of XM Satellite Radio Inc. © 2007 XM Satellite Radio Inc. All rights reserved. All other trademarks are the property of their respective owners.
³The optional RearView Monitor is a convenience, but is not a substitute for proper backing procedures. Always turn and check that it is safe to do so before backing up. The RearView Monitor may not detect every object behind you. [™]Birdview is a trademark of Xanavi Corporation.

1 part sound absorption,
1 part technology,
2 parts comfort,
and blend.

The comforts of home. Rather than just a few select body parts getting blasted with cold air, Murano's unique upper vent is located on top of the dash, creating uniform airflow throughout the cabin – more like the central air you'd find in your home.

Set the mood automatically. Sunset. Music. And great company. Could anything be missing? When it's dark outside, points of ambient light add a soft glow throughout the cabin, creating an atmosphere reminiscent of a luxury suite. Minus the mint on the pillow.

Custom-tailoring. Sharing driving duties doesn't mean you have to lose that perfect setting of seat, outside mirrors and tilt/telescoping steering wheel. With Murano's available Driver's Memory Seat System, simply press a button on the door or on your Intelligent Key and watch everything move into place – just the way you like it. It even recognizes a second Intelligent Key and adjusts to your individual settings.

Bring whatever you need. We're flexible.

Orderly conduct. Well-behaved cargo is a snap with the push button pop-up cargo divider¹. For even greater flexibility, the divider's lid snaps into place to create a separate cargo area between the rear seats and storage bins. Two removable nets create up to three separate storage bins in the back, while easy-to-clean flooring means even muddy gear is welcome.

An uplifting experience. Murano's power rear liftgate¹ puts cavernous room fingertip-close. Accessible in a variety of ways – including the Intelligent Key fob – you're always assured of a grand opening.

Returned to its original and upright position. Making the most of Murano's versatility is incredibly easy. A quick pull of two levers in the cargo area and the rear seatbacks fold flat for maximum capacity. When you need the room for passengers, power up the rear seatbacks^{1,2} for first-class accommodations in a moment.

¹See Specifications for availability. ²This feature should only be used when vehicle is stopped.

Refined Driving Experience

Smooth sailing wherever you go.

Nissan Murano LE AWD shown in Glacier Pearl.

Just look inside. At the Murano's core is an extremely rigid structure that helps keep things whisper quiet. Unique shock absorbers provide a supple ride, yet firm up for flat, responsive cornering. Even the power steering adjusts to your needs, with an advanced design that gives more assistance when you need it at low speeds – like parking – and imperceptibly firms up at higher speeds, for confident and relaxed cruising.

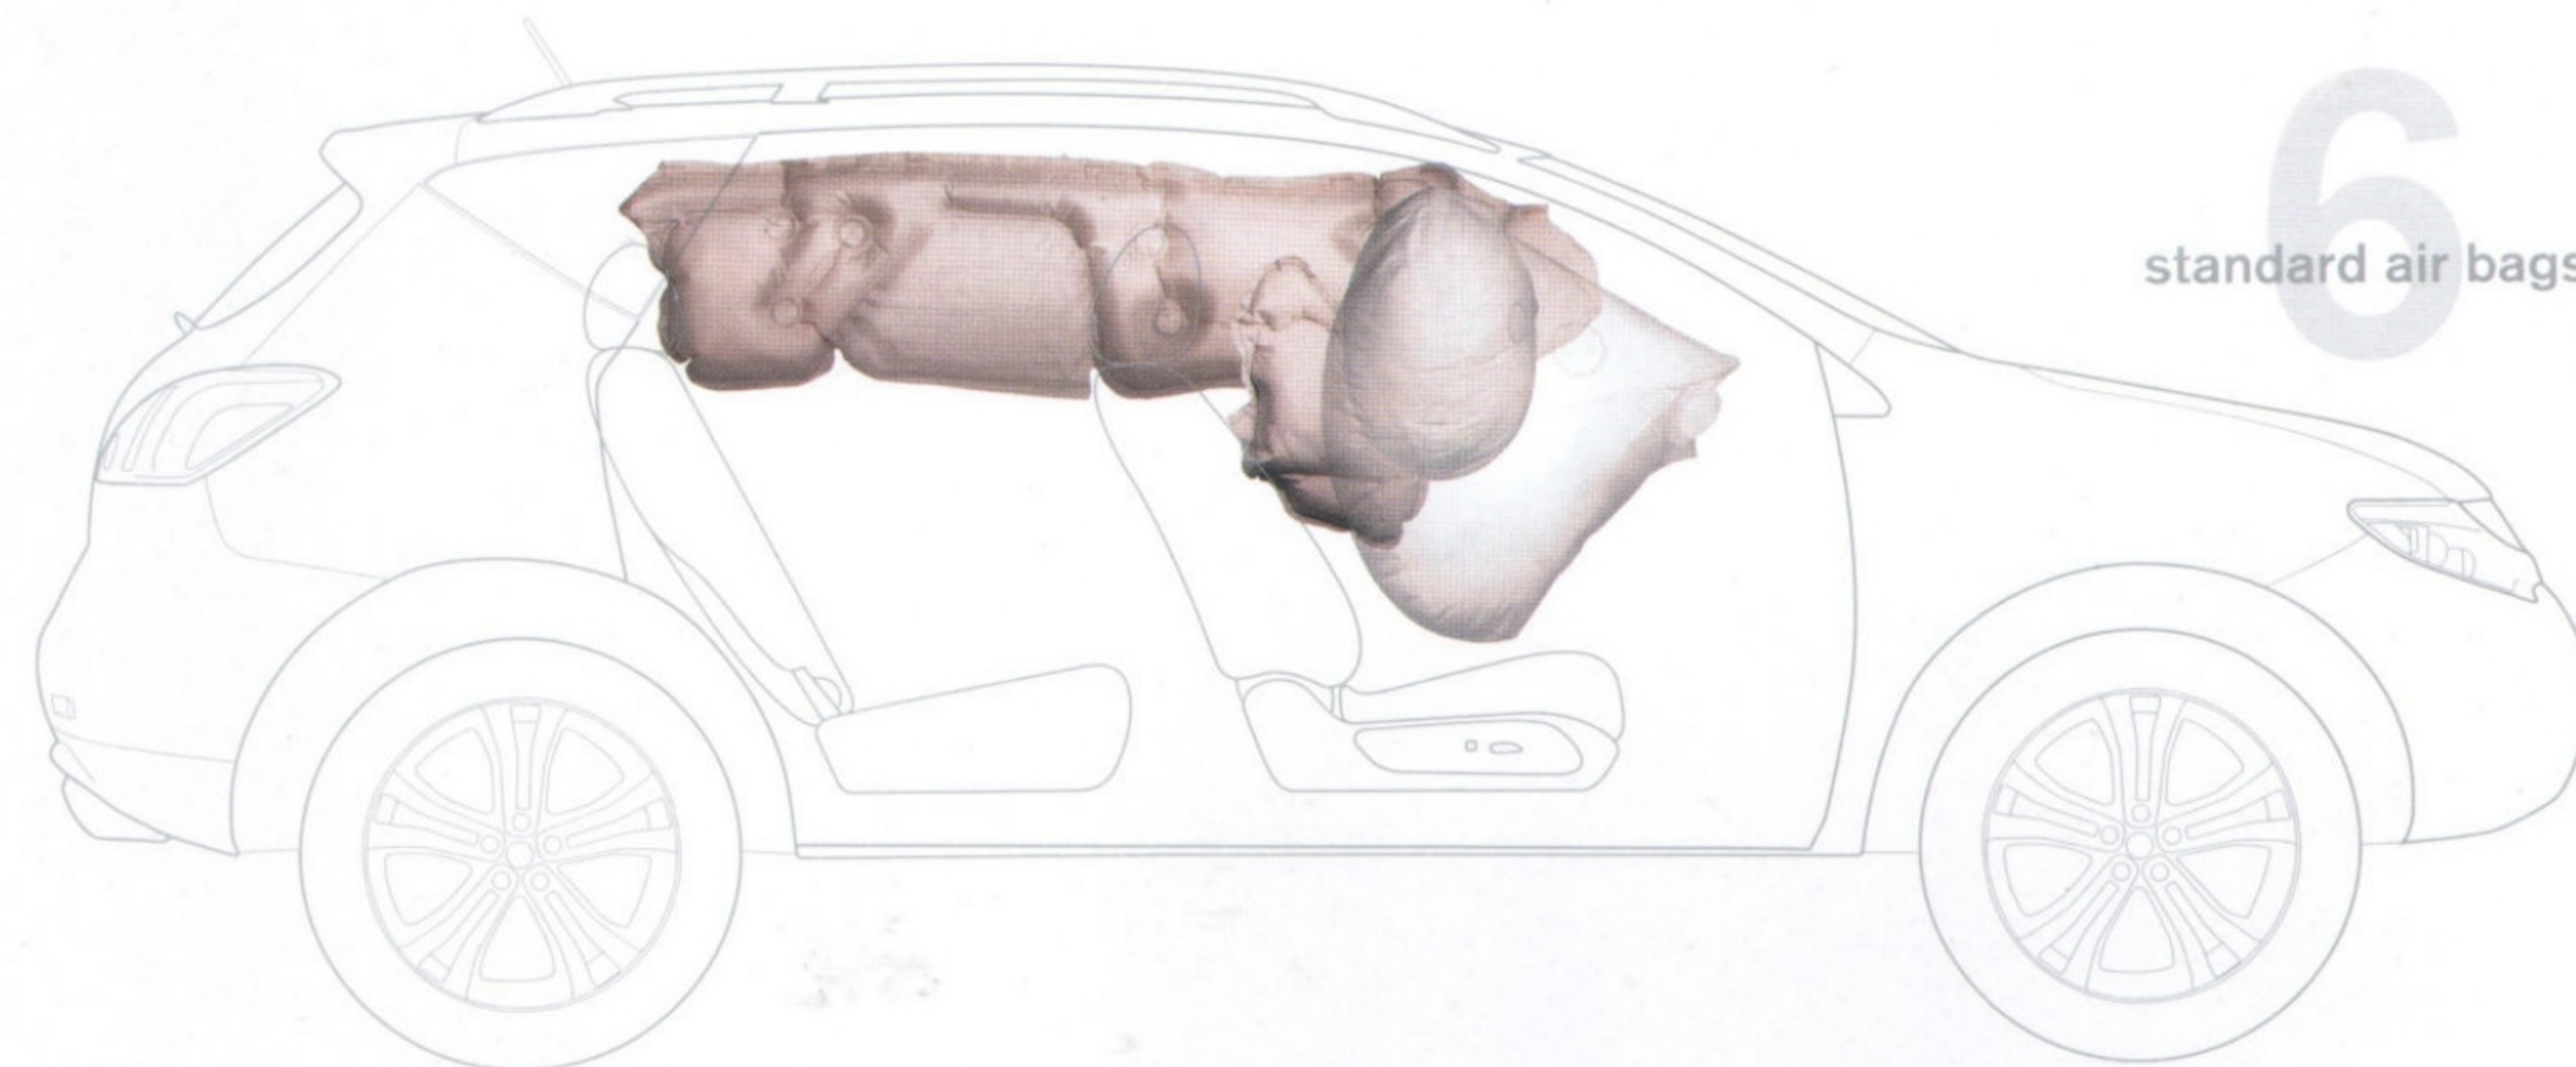

Brake with assurance. Steer towards confidence.

Murano's braking technologies take you beyond "just stopping". In an emergency, Brake Assist senses how hard you're braking and automatically delivers maximum braking boost. ABS pumps the brakes faster than humanly possible to help prevent wheel lock-up. And Electronic Brake force Distribution optimizes brake force when it senses people in the back seat, a load in the cargo area, even the weight of a full tank of gas.

Murano's standard Vehicle Dynamic Control (VDC)¹ is an advanced safety system designed to help keep you on your steered path. So if your vehicle begins to oversteer (fishtail) or understeer (plow forward), VDC senses the change and can reduce engine output and/or apply appropriate brake pressure to specific wheels. Because avoiding an accident is better than surviving one any day of the week.

Murano may be all-new for 2009, but our comprehensive approach to safety is one thing we'll never change. We call it the Nissan Safety Shield. It includes rigorous crash testing, over 50 standard safety technologies and features, plus child-safety programs like our exclusive Snug Kids. In Murano, accident avoidance is key, with active safety and braking features, including **standard Vehicle Dynamic Control (VDC)¹**, designed to help keep you out of harm's way. But if the unavoidable should happen, Murano's **six standard air bags** – including standard roof-mounted curtain air bags – are there as a powerful backup.

Advanced among air bags. Nissan's Advanced Air Bag System includes dual-stage front air bags that adjust their inflation rate depending on impact severity and seat belt usage. For example, if the front passenger seat is empty, a sensor automatically deactivates that air bag. In addition, Murano's side-impact air bags are built into the front seatbacks, so they move with you as you adjust your seat to get comfortable. Above you, roof-mounted curtain side-impact supplemental air bags help protect all outboard passengers:

But air bags are only part of the story. Murano's front seat belts utilize pretensioners to help tighten up the belt whenever air bags deploy. Then, if your body puts too much force on the belt, load limiters give a bit. And in the event of certain rear-end collisions, front-seat Active Head Restraints move up and forward toward your head to help reduce the chance of whiplash injuries.

Don't forget the "little ones." NHTSA-certified 'Child Passenger Safety' technicians have dedicated over 1,000 man-hours to checking over 4,000 child-seat installations in Nissans. The result: Not just the first, but the only one of its kind in the industry, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids

¹VDC cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ²For more information, see www.iihs.org ³Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA) New Car Assessment Program (www.safercar.gov). Model tested with standard side air bags. ⁴Air bags are only a supplemental restraint system; always wear your seat belt. Do not use rear-facing child restraints in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See your owner's manual for more details. Inflated air bags shown for illustration purposes only. Actual air bags deflate after deployment.

Packages

Package requirements and availability may vary. Please see your Nissan dealer for details.

S Convenience Package
 Roof rails
 Vehicle security system
 Rear privacy glass and retractable cargo cover

SL Premium Package
 Roof rails
 Information Center with 7.0" color monitor and multiple displays
 RearView Monitor
 Digital Bose® audio system with AM/FM/in-dash 6-CD changer with MP3/WMA CD playback capability
 Nine speakers plus dual subwoofers
 Auxiliary audio/video input jacks³
 XM® Satellite Radio²
 Radio Data System (RDS) and speed-sensitive volume control
 HomeLink® Universal Transceiver
 Auto-dimming rearview mirror with digital compass⁴
 Vehicle security system
 Retractable cargo cover and foldable cargo organizer

SL Technology Package
 High Intensity Discharge (HID) bi-functional xenon headlights with manual levelizer
 Power liftgate
 Automatic on/off headlights and dual heated outside mirrors
 Intelligent Key keyless entry system and Bluetooth® Hands-free Phone System
 Rain-sensing variable intermittent front windshield wipers
 This package requires SL Leather Package.

SL Leather Package
 Leather-appointed seats and 4-way power front-passenger's seat
 Driver's seat power lumbar support and heated front seats
 This package requires SL Premium Package.

Dual Panel Moonroof
 Dual Panel Moonroof with power retractable sunshades
 This package requires SL Technology Package on SL 2WD models. SL AWD models require SL Leather Package.

Nissan DVD Entertainment System
 Second-row 9" color monitor, DVD player, remote control, and one wireless headset
 This package requires SL Technology Package on SL models. Nissan DVD Entertainment System can not be combined with Dual Panel Moonroof or Navigation Package.

Navigation Package
 Nissan Hard Drive Navigation System with GPS, 7.0" color LCD touch-screen monitor, voice recognition and XM NavTraffic²
 9.3 GB Music Box™ hard drive and compact flash slot for playing MP3/WMA files
 This package requires SL Technology Package and Dual Panel Moonroof on SL models. LE models require Dual Panel Moonroof. In-dash 6-CD changer is replaced by single-CD player with this package. Navigation Package cannot be combined with Nissan DVD Entertainment System.

Seating/Appointments	S	SL	LE
6-way manual driver's seat			
8-way power driver's seat			
Driver's seat manual lumbar support			
Driver's seat power lumbar support			
4-way power front-passenger's seat			
Heated front seats (two settings)			
Heated rear seats			
60/40-split fold-flat rear seatbacks with power return and cargo area-accessible levers (power return not available on S models)			
Reclining rear seatbacks with center armrest			
Front seatback pockets			
Leather-appointed seats			
Leather-wrapped steering wheel			
Leather-wrapped shift knob			
Aluminum accents			
Wood-tone trim			

Safety/Security	S	SL	LE
Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat belt sensors and occupant-classification sensor			
Driver and front-passenger seat-mounted side-impact supplemental air bags			
Roof-mounted curtain supplemental air bags for side-impact and rollover head protection for front and rear-seat outboard occupants			
Vehicle Dynamic Control (VDC)			
Traction Control System (TCS)			
Tire Pressure Monitoring System (TPMS)			
3-point ALR/ELR passenger seat belt system (ELR for driver)			
Front seat belts with pretensioners and load limiters			
Front-seat Active Head Restraints and three rear-seat head restraints			
LATCH System (Lower Anchors and Tethers for CHildren)			
Energy-absorbing steering column			
High-strength steel side-door guard beams			
Zone Body construction with front and rear crumple zones			
Hood buckling creases			
Nissan Vehicle Immobilizer System			
Vehicle security system			

¹Use regular unleaded fuel with 87 octane. For maximum power, use premium fuel. ²Required XM radio and XM NavTraffic monthly subscriptions sold separately after trial period. Installation costs and other fees and taxes may apply, including a one-time activation fee. XM NavTraffic only available in select markets. Subscription fee is consumer only. All fees and programming subject to change. Subscriptions subject to Customer Agreement available at xmradio.com. XM service only available in the 48 contiguous United States and Canada. Seek adventure in the civilized world. Explore boulevards and boroughs. Hunt for hidden treasures. For wherever your spirit leads you, a Murano is ready to take you there. Use this brochure to discover the many choices for Murano. Or visit NissanUSA.com for more information regarding specific configurations.

Genuine Nissan Accessories add style, smarts, and value. Plus they're custom-designed and custom-fit for your Murano. See your Nissan dealer for more information.

From the moment you first think about a Nissan to the time you actually drive off the lot and long beyond, we want every experience to be special. Passionate. Exhilarating. Like the vehicles we design and build. After all, what's excitement without commitment?

Warranties Every Nissan is backed by a 36-month/36,000-mile vehicle warranty coverage and a 5-year/60,000-mile powertrain coverage. (For complete information, see your Nissan dealer and read the actual limited warranty.)

Signature Financing When you've decided which Nissan is right for you, Nissan Motor Acceptance Corporation (NMAC) offers a variety of financing options, attractive rates, and flexible terms to make your decision easier and helps make your purchase more accessible. See your Nissan dealer or visit NissanUSA.com/Financing for more details. Qualifications and restrictions may apply.

Security+Plus and Maintenance+Plus For ultimate peace of mind, consider the Nissan Security+Plus[®] Plan, our extended service contract. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchase and lease vehicles, let you tailor the coverage to your driving habits. Maintenance+Plus[®] coverage, on the other hand, ensures your vehicle will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available. (For complete information, see your Nissan dealer and read the actual plan.)

Genuine Nissan Parts and Service Every part we make is manufactured to the same exacting standards as the original. And they're the only parts to carry Nissan's factory-backed limited warranty. At Nissan dealers, you'll find factory-trained, certified service technicians who are just as precision-oriented.

At NissanUSA.com, you'll find virtual product demonstrations, a way to "build your own Nissan," a dealer locator, and more information about key Nissan support services. Or if you'd prefer, call **1-800-NISSAN-3** for answers to specific questions about Murano or any other Nissan vehicle. The Nissan names, logos, product names, feature names, and slogans are trademarks owned by or licensed to Nissan Motor Co. Ltd. and/or its North American subsidiaries. **Always wear your seat belt, and please don't drink and drive.** © 2008 Nissan North America, Inc. '09 Murano. 099235N-12/08-100M-CGI.
