ENGINEERED FOR CLARITY AND CONVENIENCE

▲ HIGH-PERFORMANCE WINDSHIELD WIPER SYSTEM

Take windshield precision to the next level with our easy-to-install enhanced wiper system designed for both on- and off-road travel. Thanks to strategically placed openings, the system quickly floods the windshield through 12 streams of washer fluid from both blades. When the wipers are activated, the first stroke brings clarity by removing mud and grime quickly. Kit contains arms, blades and tubing required for initial installation, as well as one set of replacement blades. [PW100062AA]

▲ POWER RETRACTABLE RUNNING BOARDS Grand Wagoneer is all about making the drive comfortable and easy ... even before you start the engine. This system works two ways: open the door and the side steps deploy, or simply approach the vehicle with the key fob and they automatically extend for easy entry. Once you're inside, they conceal automatically for uninterrupted exterior style. Plus, the unique design of their interior edges creates a seal, helping to keep out mud and dirt when retracted.
