Properly secure all cargo. Always tow within the vehicle's capacity.

TONNEAU COVERS

A. HARD FOLDING TONNEAU COVER.⁽¹⁾⁽²⁾ Features an attractive, low-profile design with rigid panels and a high-strength aluminum frame, providing superior security and protection; a hidden/quick-release latch system that automatically locks panels when shut – simply lock the tailgate to secure the bed; and an advanced sealing technology for weather resistance. Truck can be driven with cover fully closed, partially closed or fully open, providing full bed access. [82215227AF - 5' 7" bed] [82215225AF - 5' 7" bed with RamBox®] [82215224AF - 6' 4" bed]

B. SOFT FOLDING TONNEAU COVER.⁽¹⁾⁽²⁾ Features a larger opening and softer panels than the Hard Folding Tonneau Cover and uses quick-release latches to make operation and removal fast and easy. Cover is constructed with rails built of durable aluminum material for structural strength and a high-quality canvas that can hold up against extreme weather conditions. [82215863AC - 5' 7" bed] [82215862AA - 5' 7" bed with RamBox] [82215864AC - 6' 4" bed] Utility Rails required for use with the 5' 7" bed with RamBox. [82215810AB]

C. SOFT ROLL-UP TONNEAU COVER.⁽¹⁾ Requiring no special tools or drilling, this top-mount tonneau cover utilizes preset tension controls to keep the cover tight and looking good – year-round and even in the harshest of climates. Straight cross-tubes ensure a smooth, flat appearance when closed, while side dual-paddle latches securely fasten the cover to the bed. [82215254AB - 5' 7" bed] [82215253AB - 5' 7" bed with RamBox] [82215255AB - 6' 4" bed]

D. MANUAL ROLL-UP TONNEAU COVER.⁽¹⁾ Add this rolling cover to your Ram 1500 Truck for extra protection and peace of mind. Not only is this cover lockable, but the vinyl-over-aluminum design maintains a classic tonneau appearance. The undercarriage is fortified with aluminum and boasts a patented, contoured hinge design for frictionless rotation and theft protection. Best yet, the roll track sits just 177 mm (7 inches) off the cab to still offer plenty of bed space.

B. DROP-IN BEDLINER.⁽¹⁾ Skid-resistant bedliner's ribbed construction helps keep cargo from shifting, promotes water drainage from bed and includes built-in supports to split cargo. The liner is moulded of a high-density polyethylene blend for added durability. Tailgate liner included.

C. SPRAY-IN BEDLINER.⁽¹⁾ Super tough and installed right at the factory. Available exclusively at the time of vehicle order. [Sales Code: XMF]
