

2026 RAM HEAVY DUTY

THE 2026 RAM HEAVY DUTY. Built with relentless capability and unyielding power, the Ram Heavy Duty lineup is built to tackle the toughest requests. Whether you're hauling heavy loads to the jobsite or towing trailers or big boats, Ram 2500 and 3500 deliver. Advanced technology, bold styling, refined interiors and the confidence that comes from powertrains like the available 6.7L Cummins® Turbo Diesel I-6 High-Output engine with TorqueFlite® 8-speed automatic transmission prove that strength and sophistication can go hand in hand. Kilometre after kilometre, task after task, this lineup proves that **Nothing Stops Ram.**

Properly secure all cargo. Always tow within the vehicle's capacity.

STANDARD FEATURES:

POWERTRAIN

Standard 6.4L HEMI® V8 Variable Valve Timing (VVT) with FuelSaver Multi-Displacement System (MDS)/8-speed automatic
 Optional 6.7L Cummins® Turbo Diesel I-6 High-Output/8-speed automatic

* When equipped with Payload Upgrade Package (AH5) (late availability).

Notes regarding the charts above: DRW = Dual Rear Wheel. SRW = Single Rear Wheel. Weights given in kg (lb). Numbers in **BLACK BOXES** reflect the maximum of that class. Max Trailer Weight Rating represents a properly equipped base trim configuration. Vehicles with a GVWR of 6350 (14,000) and greater are DRW. Vehicles less than 6350 (14,000) GVWR are SRW. Payload and Max Trailer Weights are ESTIMATED values. All values are shown in kg (lb) unless otherwise stated. Payload and Max Trailer Weight values are rounded to the nearest 5 kg (10 lb). Payload = GVWR - Base Weight. Payload and Trailer Weight Rating are mutually exclusive. GAWRs, GVWRs and GCWRs should never be exceeded. Trailer Weight Rating and Tow Vehicle Trailing Weight are calculated as specified in SAE J2807. Passenger Weight = 136 kg (300 lb). Options Weight = 45 kg (100 lb). Trailing Equipment Weight: 34 kg (75 lb) for Conventional Hitch, 18 kg (40 lb) for Gooseneck and 113 kg (250 lb) for fifth wheel. Tongue weight: 10 percent of the gross trailer weight for Conventional Hitch, 15 percent of the gross trailer weight for a fifth wheel or Gooseneck hitch. Payload and GAWR should never be exceeded and must account for all of the above weights, including the appropriate trailering equipment and tongue weight. A fifth-wheel hitch is required for trailers over 10,432 kg (23,000 lb). A Gooseneck hitch is required for trailers over 13,608 kg (30,000 lb).

WARRANTY: The new Limited Powertrain Warranty of 10 years/160,000 kilometres (whichever occurs first) is available exclusively to retail customers who purchase or lease any of the following new and previously unregistered 2026 Ram vehicles from an authorized Ram retailer in Canada: Ram 1500 (including RHO), Ram 2500, Ram 3500, Ram Chassis Cab, and ProMaster Van (excluding full Battery Electric Vehicles (BEVs)). The warranty is not available to fleet customers and, except as otherwise required by applicable law (including, but not limited to, individuals residing in Québec), is non-transferable and applies only to the original retail purchaser or lessee.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new Ram Truck. Mopar Vehicle Protection offers extended service plans to help ensure that you'll enjoy your truck for many years down the road. For more information on comprehensive vehicle coverage, see your Ram retailer, call 800-465-2001 or visit [fcacanada.ca/owners](https://www.fcacanada.ca/owners)

DISCLAIMERS: **1.** This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his or her surroundings and be prepared to take corrective action to avoid collisions. **2.** This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. **3.** The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. **4.** No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. **5.** If you decide to continue service after your trial, the subscription plan you choose will continue and you will be charged according to your chosen payment method at then-current rates unless you cancel your services. Fees and taxes apply. Some services and features are subject to device capabilities and location availability. Please see the SiriusXM Customer Agreement at www.siriusxm.ca/terms for complete terms and how to cancel, which includes calling SiriusXM at 1-888-539-7474. All fees and programming are subject to change, provided that we will notify you in advance of any price change. We use personal information in accordance with our Privacy Policy, available at www.siriusxm.ca/privacy. **6.** Never program while driving. GPS mapping and 3D navigation may not be detailed, available in all areas or reflect current road regulations. **7.** Not compatible with all garage door openers. **8.** Vehicle must be locked and system activated for alarm to sound.
