START

Fleet

Let's tackle what's next for your fleet.

First off, thank you for choosing GM Fleet. With so many options available, earning your trust genuinely matters to us.

Fleet management is changing fast, and we're here to help you stay ahead. Our commercial mobility experts bring deep industry knowledge and are ready with practical advice or quick solutions to keep you moving forward. With our comprehensive vehicle lineup, plus new connected tech, you can relax knowing we're in your corner — both now and for whatever comes next.

Whether you're looking to explore adding EVs to your fleet, or keeping your current fleet running at optimal efficiency, we can make it easier. Our specialists will help you understand the charging and fueling options, train your drivers, and share real-world expertise so your operation runs smoothly, mile after mile.

Our connected OnStar® services take fleets to the next level. With AI-powered insights, we help maximize uptime, streamline operations and enhance security. We're not just providing keys; we're creating a smarter, data-driven future for your business.

Returning to the name GM Fleet isn't a shift in strategy. It's about doubling down on what truly matters: delivering clarity and exceptional service to commercial, government and rental fleets with the dedication we've had since day one.

Let us handle your fleet, so you can focus on what you do best — growing your business.

Ian Hucker
Vice President, GM Fleet

Reliable power.

Optimized uptime.

Smarter fleets.

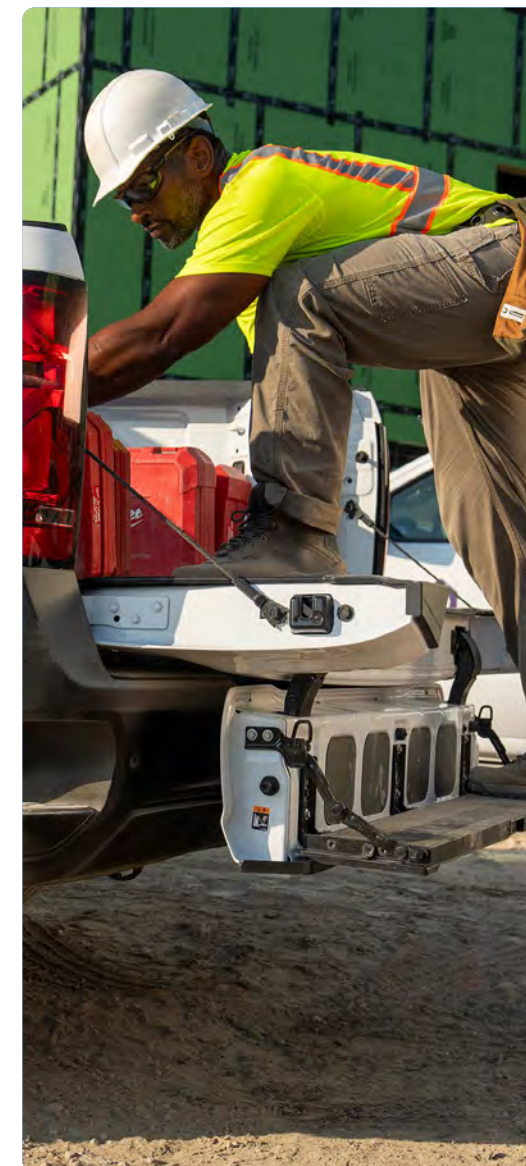

At GM Fleet, we understand your challenges and the need for dependable, efficient operations. Our experts are committed to delivering solutions with reliable vehicles and attentive support. With our hands-on approach and trusted vehicle lineup, we make fleet management simpler, giving you more time to focus on your business.

Every GM Fleet vehicle is built for your daily needs and backed by proven brands like OnStar®, Chevrolet, Cadillac, GMC and Buick. Our integration of advanced engineering and analytics helps you spot risks, maximize uptime and control costs so you can manage your fleet with peace of mind.

Together, we can drive your business forward.

Whether you're a small business, a worldwide corporation or even a local government entity/agency, we can help you find what your business needs.

Real stories, proven impact.

Discover the stories of those who've worked with GM Fleet to drive their success. Our customers share real-life experiences, the challenges they faced and how our solutions made a difference. See firsthand what it means to trust GM Fleet.

Get in touch with your GM Fleet Account Executive to put our solutions to work today.

Complete fleet management.

With dedicated people, reliable products and connected technology, GM Fleet is here to support you in running a more efficient fleet.

Contact a GM Fleet Account Executive today to get started.

Committed fleet experts.

More than just buying vehicles, your fleet's success depends on the people supporting your business. With us by your side, you gain a relationship that turns everyday fleet management into a genuine advantage so you can focus on what matters most to your business.

Next-level performance.

With a variety of gas, diesel and electric vehicles across four trusted brands, you have your choice of vehicles tailored to your daily needs. Each model is built for real-world durability, so your drivers spend less time dealing with breakdowns and more time serving your business. With our reliable trucks and vans, you can grow confidently, knowing your team is always supported.

Data-driven insights.

Our integrated connected services and data intelligence through OnStar® are here to lighten your load and help your fleet run smoothly. With real-time monitoring and actionable insights, you can catch issues early, support safe driving and use your resources wisely. Our technology makes it simple to manage your fleet with clarity and confidence.

Enhance the power of your fleet.

To help reduce risk, control costs and maximize your uptime, GM Fleet offers a wide portfolio of connected services and data-driven insights through OnStar®. With purchase of most new vehicles, OnStar Fleet Basics¹ comes standard to help make your fleet smarter. To take your fleet to the next level, upgrade to OnStar One Fleet² to unlock included telematics, security and In-Vehicle Wi-Fi® Hotspot³ that packs a punch while helping deliver unmatched control over your fleet operations.

OnStar DualCam¹

Equipping your fleet with this in-vehicle dashcam can help you coach your drivers and connect seamlessly with OnStar Vehicle Insights^{®2}.

¹ Requires aftermarket camera hardware purchase and eligible active service plan. Availability and accessibility of data may depend on factors such as camera angle, view obstruction, power supply, device failure, cellular connectivity, transmission limitations. Does not include emergency or security services. May provide in-cab audible safety alerts, if enabled. Not all issues will deliver alerts. ² Terms Apply. Available on select properly equipped 2015 model year and newer GM vehicles. Requires a connected services plan. Fees, services, and availability subject to change without notice. Does not include emergency or security services. Diagnostics capabilities vary by vehicle model. Not all issues will deliver alerts. See gmfleet.com for details and limitations.

  GMC 
ACCESSORIES

Build your fleet for the job.

Accessories can work hard for your fleet with tailored solutions for the workday. Explore a wide range of Truck Bed Covers, Floor Protection, Assist Steps and Cargo Management Accessories that can help get the job done.

Designed, engineered, tested and backed.

To help ensure you're getting the quality you deserve, many of our accessories have been put through a lineup of demanding tests. And if accessories are installed before vehicle delivery, they are covered under the applicable portion of the New Vehicle Limited Warranty¹. An additional offering of Associated Accessories is also available from renowned manufacturers like LUND®, Thule®, UWS®, CURT™ and others — each with their own individual warranty coverage.

- Equip your vehicles specifically for your vocation
- Enhance capability and performance
- Add protection inside and out
- Make the workday easier by organizing tools and equipment

Talk to your GM Fleet Account Executive about adding Accessories to your fleet.

¹ Associated Accessories are not tested by GM, or necessarily undergo the same third-party testing procedures as GM Accessories. GM reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, features, specifications, models, accessories and availability. Most GM Parts and Accessories sold and installed on a GM vehicle by a GM Dealer or a GM-approved Accessory Distributor/ Installer (ADI) before delivery to the customer are covered under the applicable limited warranty. If GM Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. GM Parts sold over the counter, or those not requiring installation, will continue to receive the standard GM Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles. GM warranties do not apply to Associated Accessories. See your dealer for details. Vehicles shown with accessories from an independent supplier which are not warranted by GM or its dealers. GM is not responsible for the safety or quality of independent accessories. Any warranty is provided by the accessory manufacturer. This brochure shows many vehicles that have been altered or upfitted with equipment, bodies or components supplied to the Division or its dealers by independent suppliers. Division is not responsible for the safety or quality of design features, materials or workmanship of any alterations by any such supplier. Copyright 2026, General Motors. All rights reserved. Less paperwork is always a better use of your time and resources. GM Fleet can provide simplified administration with a single bill, even if you service multiple vehicles and/or your vehicles are located across the U.S.

Our commercially focused Business Elite dealer network can accommodate your unique needs with extended service hours, custom bays made for big vehicles with upfits and technicians specially trained for your fleet's needs.

GM Genuine Parts and ACDelco Original Equipment are designed specifically to the precise engineering of Chevrolet, Buick, GMC and Cadillac vehicles. Plus, we offer ACDelco Gold and Silver parts for all your aftermarket needs.

Our ACDelco National Fleet Parts Program gives you access to resources and tools needed to help simplify your service workflow, from standardized pricing on GM Original Equipment and ACDelco aftermarket parts to consolidated billing.

Give your fleet the advantage of my GM Partner Perks. Program benefits include no-charge service training and GM OE service information that can help drive your productivity and, most importantly, your bottom line.

- Hitch Guidance³ with Hitch View³
- Rear Cross Traffic Braking³
- Rear Park Assist³
- Tire Pressure Monitoring System (excludes spare tire) with Tire Fill Alert

PERFORMANCE

- TurboMax engine (310 hp/430 lb.-ft. of torque)
- 4-wheel antilock disc brakes
- 8-speed automatic transmission
- StabiliTrak[®] Electronic Stability Control System with Proactive Roll Avoidance and Traction Control, includes electronic Trailer Sway Control and Hill Start Assist

PRODUCTIVITY + DRIVE EXPERIENCE

- 11-inch diagonal Driver Information Center
- 60/40 split-folding rear bench seats with storage
- Cargo area lamp (back of cab)
- Color-keyed carpeting with front and rear carpeted floor mats
- CornerStep rear bumper
- Cruise control³
- Front bucket seats with floor console
- Google built-in⁵ compatibility with 11.3-inch diagonal advanced color LCD display
- Heated, power-adjustable outside mirrors
- Push Button Start

- Remote Keyless Entry⁶
- Remote-locking tailgate
- Short Box (5')
- SiriusXM[®] with 360L⁷
- Tilt steering column
- USB ports⁸ (2)
- Wireless Apple CarPlay^{®9} and Android Auto^{™10} capable

KEY AVAILABLE FEATURES

Optional features and packages vary by trim level. See Order Guide for details.

- Single- or 2-speed Autotrac[®] electric transfer case with push-button control
- 8-way power driver seat with power lumbar
- 120-volt power outlets (1 rear of center console and 1 bed-mounted)
- Adaptive Cruise Control³
- Advanced Trailering Package¹¹
- Auto-dimming inside rearview mirror
- Auto-locking rear differential
- Blind Zone Steering Assist with trailering³

- Bose[®] premium 7-speaker system
- Dual-zone automatic climate control
- EZ-Lift and Lower Tailgate
- HD Surround Vision³
- Heated and ventilated front seats
- Heated steering wheel
- Hill Descent Control
- Keyless Open and Start
- LED headlamps, taillamps and Daytime Running Lamps
- Power-sliding sunroof with manual shade
- Rear Pedestrian Alert³
- Recovery hooks,¹² front
- Remote Start
- StowFlex Tailgate
- Tilt/telescoping steering column
- USB ports⁸, single or dual rear charge-only
- Wireless device charging¹³

¹ Premium paint; additional charge. ² Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. ³ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important safety and driver assistance feature limitations and information. ⁴ Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See <https://www.gmfleet.com/software/onstar> for details. ⁵ Google built-in services are subject to limitations and availability may vary by vehicle, infotainment system, and location. Select service plan required. Certain Google actions and functionality may require account linking. User terms and privacy statements apply. Google, Android Auto, Google Play and Google Maps are trademarks of Google LLC. ⁶ Lock/unlock feature requires automatic locks. Remote start requires GM factory-installed and enabled remote start system. See onstar.com for details and limitations. ⁷ All SiriusXM services require a subscription. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit www.siriusxm.com to see complete terms and how to cancel, which includes calling 1-866-635-2349. Some services, content and features are subject to device capabilities, an active data connection enabled in the vehicle and location availability. Certain features and/or content may not be available unless an active data connection is enabled in the vehicle. Content varies by SiriusXM subscription plan. All fees, content and features are subject to change. SiriusXM and related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. ⁸ Not compatible with all devices. ⁹ Vehicle user interface is a product of Apple[®] and its terms and privacy statements apply. Requires compatible iPhone[®] and data plan rates apply. Apple CarPlay[™], Siri[™], iPhone[™] and Apple Music[™] are trademarks of Apple, Inc., registered in the U.S. and other countries. ¹⁰ Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires the Android Auto app on Google Play and a compatible Android[™] smartphone. Data plan rates apply. You can check which smartphones are compatible at g.co/androidauto/requirements. Android and Android Auto are trademarks of Google LLC. Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check g.co/androidauto/requirements for compatibility. ¹¹ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. ¹² To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of your Owner's Manual. ¹³ The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see my.chevrolet.com/learn for details or consult your carrier.

Cargo and load capacity limited by weight and distribution. 4 Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See <https://www.gmfleet.com/software/onstar> for details. 5 Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important safety and driver assistance feature limitations and information. 6 These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. 7 Maximum trailering ratings are intended for comparison purposes only. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The trailering capacity of your specific vehicle may vary. The weight of passengers, cargo and options or accessories may reduce the amount you can trailer. 8 Service varies with conditions and location. Requires active service plan. See onstar.com for details and limitations. Vehicle must be on or in the accessory position for Wi-Fi to function. 9 The Bluetooth[®] word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by General Motors is under license. Other trademarks and trade names are those of their respective owners. Go to chevrolet.com to find out which phones are compatible with the vehicle. Full Bluetooth feature functionality varies by device, model and software version. 10 Not compatible with all devices. 11 Vehicle user interface is a product of Apple[®] and its terms and privacy statements apply. Requires compatible iPhone[®] and data plan rates apply. Apple CarPlay[®], Siri[®], iPhone[®] and Apple Music[®] are trademarks of Apple, Inc., registered in the U.S. and other countries. 12 Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires the Android Auto app on Google Play and a compatible Android[™] smartphone. Data plan rates apply. You can check which smartphones are compatible at g.co/androidauto/requirements. Android and Android Auto are trademarks of Google LLC. Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check g.co/androidauto/requirements for compatibility. 13 To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of your Owner's Manual.

¹ Premium paint; additional charge. ² Upfits from an independent supplier are not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations. ³ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information.

Cadillac Professional

2026 Cadillac XT5.

2027 Cadillac Escalade (2026 model shown).

2027 Cadillac Escalade ESV (2026 model shown).

Offer your clients the prestige they deserve with Cadillac Professional. Richly appointed and crafted for perfection, each Cadillac livery vehicle is meticulously designed to exude sophistication and envelop passengers in luxury and comfort.

AVAILABLE
**PROFESSIONAL VEHICLE
LIMITED WARRANTY**

UP TO
3 YEARS/150,000 MILES¹

Eligible livery vehicles offer the confidence of the Cadillac Professional Vehicle Limited Warranty. This available comprehensive package (RPO: ZR3) covers key components for up to 3 years or 150,000 miles¹. Plus, Cadillac premium care maintenance² and 24-hour Roadside Assistance³ help keep your fleet on the road.

Electric

We make it easy to EV.

Whether you're thinking about adding electric vehicles or already have them in your fleet, GM Fleet can help assess, implement and support your electrification efforts — at any point along the way.

2026 Equinox EV LT 2 shown.

GM Fleet is by your side at every step.

Tailored fleet planning.

Confidently build a customized, data-driven transition plan with expert guidance, tailored to your unique business needs.

- EV program design and support
- Telematics analysis and driver surveys
- ICE-to-EV operational planning
- EV performance measurement

Streamlined charging solutions.

Keep your fleet powered and ready.

- Bundle GM Energy home charging stations and adapters
- Turnkey home, workplace and depot charging programs
- Integrated public and private strategies
- Accurate and easy charge reimbursement through OnStar®¹

Flexible financing and maintenance.

Streamline financing and find available incentives.

- Fleet-specific bundling and invoicing
- EV incentive support
- Service and maintenance, like MobileService+
- Pre-paid maintenance and extended limited warranty plans

Personalized training and support.

From onboarding to ongoing support, we have experts to help.

- Driver training and education
- 24-hour call center support
- Personalized onboarding experience

Flexible charging options.

Whether your operators leave their vehicles at a charging depot or drive them home, GM Fleet can help you implement a simple solution to keep your EV fleets charged.

Depot charging

Owning your infrastructure can help you maximize fleet efficiency, minimize downtime and reduce operational costs. GM Fleet's Commercial Energy Sales Managers (CESM) are available to offer you customized solutions like a dedicated charging depot for your fleet.

Home charging

Provide your drivers with a product that prepares them for the next day's journey. Choose from a variety of home chargers, each with unique specifications and capabilities.

[Click the chargers below to learn more.](#)

1 May require a new outlet, sold separately, and professional installation. Actual charge times will vary based on battery condition, output of charger, vehicle settings and battery temperature. See the Owner's Manuals for your vehicle and charger for additional details and limitations. 2 Level 2 charging requires professional installation. Add to a NEMA 14-50 Plug when plugged into a 240-volt wall outlet. Actual rates will vary based on battery condition, output of charger, vehicle settings and outside temperature. See vehicle Owner's Manual for additional limitations.

Charging adapters

Be prepared for any charging situation with a GM adapter.

Public charging

Your drivers can stay moving with access to fast, reliable charging from a growing network of public charging stations.

- Infinity Roof with removable transparent Sky Panels
- Watts to Freedom¹⁶ launch experience

1 Premium paint; additional charge. Auburn Matte and Magnus Gray Matte: Special care required for matte paint. See vehicle Owner's Manual for more details. 2 Requires 3^x without Extreme Off-Road Package and available 24-module battery pack. On a full charge based on development testing and/or analytical projection consistent with SAE J1634 revision 2017 – MCT. Range subject to change prior to production. Actual range may vary based on several factors, including ambient temperature, terrain, battery age and condition, loading, and how you use and maintain your vehicle. 3 Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important safety and driver assistance feature limitations and information. 4 Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. See <https://www.gmfleet.com/software/onstar> for details. 5 Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information. Some camera views require available accessory camera and installation. Not compatible with all trailers. See your dealer for details. 6 Actual charge times will vary based on battery starting state of charge, battery condition, output of charger, vehicle settings and outside temperature. See the vehicle Owner's Manual for additional limitations. 7 Requires public DC Fast Charger. Actual charge times will vary based on battery starting state of charge, battery condition, output of charger, vehicle settings and outside temperature. See the vehicle Owner's Manual for additional limitations. 8 May require a new outlet, sold separately, and professional installation. Actual charge times will vary based on battery condition, output of charger, vehicle settings and battery temperature. See the Owner's Manuals for your vehicle and charger for additional details and limitations. 9 Feature may be limited when the battery temperatures are extremely cold or hot or when battery is near full charge. Always use the brake pedal when you need to stop immediately. See Owner's Manual for details. 10 Google built-in services are subject to limitations and availability may vary by vehicle, infotainment system, and location. Select service plan required. Certain Google actions and functionality may require account linking. User terms and privacy statements apply. Google, Android Auto, Google Play and Google Maps are trademarks of Google LLC. 11 All SiriusXM services require a subscription. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit www.siriusxm.com to see complete terms and how to cancel, which includes calling 1-866-635-2349. Some services, content and features are subject to device capabilities, an active data connection enabled in the vehicle and location availability. Certain features and/or content may not be available unless an active data connection is enabled in the vehicle. Content varies by SiriusXM subscription plan. All fees, content and features are subject to change. SiriusXM and related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. 12 Does not include spray-on liner on tailgate due to Black composite inner panel. 13 Always pay attention while driving and when using Super Cruise. Do not use a hand-held device. Requires active Super Cruise plan or trial. Terms apply. Visit <https://www.gmc.com/connectivity-technology/super-cruise> for compatible roads and full details. 14 Service varies with conditions and location. Requires active service plan. See onstar.com for details and limitations. Vehicle must be on or in the accessory position for Wi-Fi to function. 15 The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter or back cover. To check for phone or other device compatibility, see my.gmc.com/learn for details or consult your carrier. 16 Watts to Freedom is intended for use only on a closed course and should not be used on public roads. Read the vehicle Owner's Manual for important feature limitations and information.

Customer Sounding Board

Members by region

The Customer Sounding Board (CSB) brings together Commercial professionals from different vocations and the General Motors leadership team for candid discussions about the important issues impacting the Commercial business. We collaborate to address those issues and find solutions that will benefit our customers and General Motors.

The CSB welcomes your ideas. To submit your suggestions: Please email the CSB member nearest your location. **To ask a general fleet question:** Please call the GM Fleet Solutions Center at 800-353-3867.

Limited Warranty

Our warranty offers peace of mind.

Running a business means you've already got a lot to think about. That's why our comprehensive Limited Warranty Programs are designed to make your ownership experience an easy one.

Warranty Benefits

Enjoy added confidence with courtesy services.

Every new vehicle purchase comes with a bundle of benefits that can help keep your drivers on the road and your business running smoothly.

Roadside Assistance¹

Help is waiting if your drivers have a flat tire, run out of gas or find themselves needing a tow. Specially trained advisors are available 24 hours a day, 365 days a year to help them get back on the road.

- **Chevrolet/GMC Qualified Fleet Customers:**
5 years/100,000 miles²
- **Chevrolet/GMC Retail Customers:**
5 years/60,000 miles³
- **Buick:** 5 years/60,000 miles³
- **Cadillac:** 6 years/70,000 miles³
- **Qualified Cadillac Professional Vehicles With the ZR3 Option:** 3 years/150,000 miles³
- **Qualified XT5 Fleet Vehicles With the BQ9 and V4U Options:** 6 years/100,000 miles³
- **Electric Vehicles:** 8 years/100,000 miles³

(NOTE: Eligible non-tow service coverage duration varies for Chevrolet, GMC, Buick and Cadillac EVs.)

Courtesy Transportation⁴

Courtesy Transportation is defined as any form of transportation permitted within the guidelines of the GM Courtesy Transportation Program. This includes shuttles, reimbursement of fuel or use of public transportation (ride-hailing/car-share apps) and loaner vehicles (including loaners obtained through third-party rental agencies).

Courtesy Transportation can be made available for warranty repairs for all GM vehicle purchase/lease customers and GM company-owned vehicle drivers within the bumper-to-bumper, powertrain and/or Hybrid-/EV-specific and Federal Emissions coverage of the New Vehicle Limited Warranty (excluding Low Cab Forward Medium Duty Trucks).

Included Maintenance

Technicians at more than 4,000 Chevrolet, GMC, Buick and Cadillac dealers nationwide are trained to help keep your vehicles running in optimum condition for the road ahead. With your new vehicle purchase, enjoy one maintenance visit within the first year of vehicle delivery⁵. Depending on the model, services could include:

- Oil and Filter Change
- Tire Rotation
- Multi-Point Vehicle Inspection (MPVI)

¹ Roadside services provided by a third-party provider. Roadside services are for properly equipped vehicles with an eligible service plan only. Limitations and restrictions apply. A combination of roadside services can be used up to four times per year, then additional charges apply. ² Whichever comes first. A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. ³ Whichever comes first. See dealer for limited warranty details. ⁴ If the vehicle has a warrantable failure, see your Owner's Manual for full details on the Courtesy Transportation program. Also refer to the vehicle's Limited Warranty and Owner Assistance Manual or consult your dealer for vehicle-specific age/mileage warranty terms. ⁵ Includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of oil change, tire rotation, and Multi-Point Vehicle Inspection. Service will be performed using ACDelco dexos¹ Full Synthetic oil and ACDelco filter. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. For Chevrolet/GMC Diesel models, maintenance includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change, tire rotation, and Multi-Point Vehicle Inspection and Diesel Exhaust Fluid (DEF) II. Service will be performed using ACDelco dexos² or Mobil DelvacTM 1300 CK4 oil and ACDelco filter and ACDelco Diesel Exhaust Fluid. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9. Chevrolet Corvette maintenance includes one required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change and Multi-Point Vehicle Inspection. Service will be performed using Mobil 1 ESP 0W40 oil and ACDelco Filter. Service visits must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9.

Reduce downtime with specialized dealer support.

We understand that when a vehicle is off the road, your business is impacted. That's why our Business Elite and Medium Duty dealer networks offer the dedicated support you need.

Business Elite

Business Elite dealers.

Our Chevrolet and GMC Business Elite dealers understand your business and uptime needs. Their primary focus is on you, the commercial customer. You can rely on their expertise to help you get the right vehicle selection, services and solutions you need, keeping your vehicles on the road and helping your business grow.

Customized solutions.

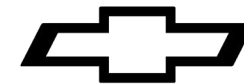

Business Elite dealers take the time to learn about your challenges and offer solutions to help build a fleet that grows with your business.

- Offer a diverse lineup of commercial vehicles
- Connect you with an upfitter¹ that can equip your vehicle to meet your job requirements
- Discuss total cost of ownership while offering business financing and leasing options

Exceptional customer service.

Business Elite service departments are set up to provide business-centered benefits.

- Facilities, tools, equipment and certified technicians to accommodate your specific needs
- Extended service hours and priority service to minimize downtime

CHEVROLET

MEDIUM DUTY
TRUCKS

Medium Duty truck support.

With the Medium Duty expertise you've come to expect, our nationwide network of dealers is ready to meet your fleet's needs. Chevrolet Medium Duty dealers have the ability to order, sell and service Silverado Medium Duty and Low Cab Forward vehicles in addition to offering the full lineup of Chevrolet vehicles.

Medium Duty experts.

Our Medium Duty dealers can help you spec, upfit¹ and manage the right Silverado Medium Duty and Low Cab Forward trucks for your unique jobs, so your fleet is ready to work from day one. Our experts will:

- Work with you to match Gross Vehicle Weight Rating (GVWR), wheelbase and powertrain to your application
- Coordinate bodies and equipment through trusted upfit¹ partners
- Support life cycle planning, including replacement timing and total cost considerations

Dealers are equipped with:

- Capable-sized lifts and service bay areas
- Facilities to provide maintenance on your units
- Specialty tools
- Model-specific training provided by the factory

Fleet Account Numbers

How to establish a new GM Fleet

Fleet Account Number (FAN)

DETERMINE IF A PROSPECT IS QUALIFIED

Fleet Account Numbers are assigned to Qualified Fleet Users (defined below) upon application to General Motors and GM Fleet (GM) through the Global FAN Portal.

ENROLLMENT FORM TERMS AND CONDITIONS

A "Qualified Fleet User" is defined as, subject to below exclusions, any business entity that: (a) has purchased or leased five (5) or more new vehicles (any combination of vehicle manufacturers) principally for business use by such business entity in the United States within the last 12 months; (b) currently owns or leases five (5) or more medium duty trucks (any age or manufacturer) principally for business use by such business entity in the United States or purchases/leases one (1) medium duty truck from a participating Medium Duty Assistance Program (MDAP) distributor; or (c) currently owns or leases fifteen (15) or more vehicles (any age or manufacturer) used principally for business use by such business entity in the United States. Vehicles must be titled and registered in the business name or the bank/lessor (Fleet Leasing) name (personal vehicles are excluded). If a proposed enrollee is qualified as a customer, a GM dealer is required to submit a fleet enrollment application. Supporting documentation must be retained by the dealer and made available to GM upon request (including all titles, registrations and proof of insurance). The proposed enrollee may be asked for additional documentation.

NOTE: Entities deemed eligible for a Government FAN, with a minimum of one (1) vehicle, are exempt from having to provide vehicle eligibility documents. Examples of government entities are federal/state/county/city agency, town/township/village or municipality, public education system, or government owned-operated utility or railroad. Dealers can refer to the current 24-00 Government Bid Assistance Policies and Procedures bulletin.

New Fleet or Commercial motor vehicles ordered must be delivered to the same Qualified Fleet User (using the same FAN). Vehicles delivered to a Qualified Fleet User must be reported with a fleet delivery type. In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of twelve (12) months, or 12,000 miles, whichever occurs first, from the date of delivery unless a different fleet service requirement is specified in the program guidelines provided by GM under a Competitive Assistance Program agreement.

The Qualified Fleet User, by executing the enrollment form, certifies it is a Qualified Fleet User, acknowledges the GM Fleet Program Guidelines referenced herein, and agrees to comply with any and all GM requirements, including the terms and conditions of the Fleet Enrollment Form and any Competitive Assistance Program agreement if one is signed.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling dealer, access to review original business records confirming that vehicles were, and continue to be, registered, used, and transferred only in accordance with GM Fleet Program Guidelines. In the event (1) a Qualified Fleet User orders new motor vehicles from a dealer and identifies them as fleet units eligible for GM Fleet programs and those vehicles are not used by a Qualified Fleet User in accordance with Program Guidelines or (2) GM declares that any other actions of a Qualified Fleet User are inconsistent with this program, GM will take appropriate action, in its sole discretion and with or without notice to the Qualified Fleet User, which may include the disqualification of the Qualified Fleet User and/or dealer from future participation in GM Fleet, and the issuance of fleet charge back against the dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited the dealer or identified Qualified Fleet User as a result of inaccurate representation. In the event of such a chargeback to the dealer, the Qualified Fleet User agrees to reimburse the dealer.

IF A PROSPECT IS QUALIFIED

A General Motors dealer is required to submit an enrollment application through GM Global Connect. The enrollment application can be found on the GM Global FANS website. The following information is required:

1. Name of business
2. Physical address
3. Phone number
4. Copies of titles, registrations or proof of insurance of minimum vehicle requirement, in the company name
5. Completed Qualified Fleet User enrollment form

Upon completion of the enrollment form on the website, the dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued, and the requesting dealer will be advised of the FAN via online application and email.

All supporting documentation of the prospect's fleet eligibility must be retained by the dealership submitting the enrollment application.

Fleet Account Numbers

How to establish a new GM Fleet

Fleet Account Number (FAN)

Upon completion of the enrollment form on the website, the dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued, and the requesting dealer will be advised of the FAN via online application and email.

All supporting documentation of the prospect's fleet eligibility must be retained by the dealership submitting the enrollment application.

STANDARD FLEET ELIGIBILITY GUIDELINES

Unless otherwise indicated, the following eligibility guidelines will apply to all fleet incentive/allowance programs:

- A. The order period will begin with the announcement of the 2027 model year fleet incentive programs and end when dealers are notified that 2027 model year orders are no longer being accepted by the respective GM divisions.
- B. The delivery period is the start of 2027 production.
- C. Qualified Fleet Users are not allowed to export vehicles outside of the United States, and upon any violation in GM's sole discretion, the FAN will be immediately terminated.
- D. All qualified fleet orders for eligible models received from dealers must contain a valid fleet order type.
- E. All qualified fleet orders for eligible models received from dealers must contain the FAN of record and the FAN account name.
- F. Dealer Order Acknowledgments must be checked to verify accuracy of orders submitted.
- G. Dealer orders currently on hand or in the system that qualify under these programs, except that they do not contain the appropriate processing options, can be amended or canceled and reordered if they have not been approved for production. This is the ordering dealer's responsibility.
- H. Vehicles delivered to unqualified customers are ineligible for purchase under a FAN, and the dealer's open account will be debited for the amount of the credit and any other fleet allowance paid. Failure to comply with these guidelines may also result in the dealer being disqualified from future participation in GM Fleet programs and/or termination of the dealer's Sales and Service Agreement. Failure to report a FAN and valid fleet delivery type on the delivery record, if required by the GM division, will automatically generate a debit to the dealer's open account.
- I. Eligible deliveries must be made to the ultimate customer through a dealership representing the GM marketing division. Deliveries made through any entity or individual other than a General Motors dealer are ineligible for payment of incentives. Eligible light-duty truck orders may be delivered through body builders if the end user is a qualified fleet or political subdivision, including the federal government.
- J. Dealers must take full responsibility for including the proper processing option on the orders. No additions or changes will be accepted after orders are approved for production.
- K. Fleet orders submitted with both a fleet processing option and any ineligible fleet or retail incentive option will be rejected with an error message.
- L. Acceptance of an order on any vehicle line does not constitute a commitment to build or to build in a requested time frame.
- M. Those orders not produced during the 2026 model production period will be canceled. There are no provisions for dealers to receive any allowance for those canceled orders.
- N. Order Workbench delivery codes reported by dealers must be the same as the Order Workbench codes provided in incentive program guidelines.

IMPORTANT

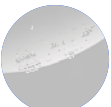

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program dealer letters or guidelines. To ensure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to the GM Fleet Solutions Center at 800-353-3867 or gmfleetsolutionscenter@gm.com.

About this guide.

This material is not intended for, or approved for use in, advertising.

We reserve the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release, please check with your GM dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this guide are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this guide may be available at extra cost and/or supplied by an independent supplier.

See your local GM Fleet Account Executive or Dealer Fleet/Commercial Sales Manager or go to gmfleet.com for up-to-date information.

2026 GMC Sierra 3500 HD Chassis Cab shown.

An important note about alterations and warranties.

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials or workmanship of any alterations by such suppliers.

Trademark.
