The name Plymouth will always stand for quality, plenty of standard features, and honest value. But today, car shoppers have a lot of choices. So we'd better have some darn good reasons for you to pick the new Plymouth...and we do. Plymouth Colt Wagons for the '90s means contemporary styling, advanced technology, solid dependability, and safety-minded engineering innovations such as rear-seat Unibelt restraint systems, and bumpers that exceed the federally mandated impact standards.

Our commitment to our customer is underscored by the latest J. D. Even more satisfying, Plymouth's full line of vehicles increased its ranking more than any other brand, import or domestic. Plymouth believes every American has the right to friendly treatment, honest service, and competent repairs. That's the mission of our 3/36 Bumper-to-Bumper Limited Warranty, and it's part of our Corporate philosophy. So, while there are many cars you could choose to own, Plymouth for 1990 has more of what you're looking for.
