

2008 CANYON

**2008
CANYON**

GMC

2008 CANYON

MID-SIZE DIMENSIONS. FULL-SIZE HEART.

At GMC, we've been engineering and building trucks for over a century, and in that time we've learned a lot about the people who buy them. For instance, we understand that our customers buy trucks for a huge variety of reasons, and that no one vehicle could ever be right for everyone. Enter Canyon. Canyon shares its genes with our mighty Sierra full-size trucks, so you can count on it for genuine GMC capability and technology, including a choice of two powerful Vortec engines. Yet thanks to its accommodating size, Canyon also offers the agility, manoeuvrability and efficiency that a full-size pickup can't match. And there are three cab configurations, two trim levels and a host of individual options to choose from, so there's a Canyon to meet every driver's needs. Add in a five-year/ 160,000-kilometre Powertrain Warranty* and you've got the only mid-size truck that deserves to be called professional grade.

*Whichever comes first. Conditions and limitations apply, see dealer for details.

Left: CANYON EXTENDED CAB SLE, shown in Silver Birch Metallic with available equipment.
Right: CANYON CREW CAB SLE 4X4, shown in Onyx Black with available GM Accessories and other available equipment.

CREW CAB

DO MORE.

Canyon Crew Cab is all about not making compromises. Crew Cab is perfect for hauling your favourite toys out to the country, thanks to a payload rating of up to 607 kg (1338 lb.) and a cargo box that measures almost 1.5 metres (over 5 ft.) long. And inside, there's abundant space for you and four friends – five if you choose the available 60/40 split front bench seat – so everyone can go along for the ride. Canyon Crew Cab does it all.

CANYON CREW CAB SLE 4X4, shown in Onyx Black with available equipment.

CREW CAB INTERIOR

SACRIFICE NOTHING.

Canyon Crew Cab is uncompromising on the inside, too. Entry and exit are easy, thanks to Crew Cab's four full-size front-hinged doors. The interior offers room for three friends on the flat-folding 60/40 divided rear bench seat, while you and your front passenger enjoy the comfort of supportive standard buckets. Or you can equip your Crew Cab to carry as many as six occupants, by selecting the available 60/40 divided front bench seat. Regardless of which seating configuration you select, Canyon Crew Cab puts a host of thoughtful conveniences at your disposal. Its standard features include air conditioning and power windows, door locks and mirrors, along with an excellent standard audio system complete with CD player, MP3 compatibility, auto tone control and a six-speaker sound system.

CANYON CREW CAB'S 60/40 divided rear seatbacks fold forward separately or together to create a flat storage area for cargo items.

CANYON CREW CAB interior, shown in Very Dark Pewter with available leather-appointed seating surfaces.

EXTENDED CAB & REGULAR CAB

THE TRUCKER'S CHOICE.

With cargo boxes more than 1.8 m (6 ft.) long, payload capacities of up to 702 kg (1547 lb.) and a maximum trailer rating of 1814 kg (4000 lb.)*, Canyon Extended Cab and Regular Cab have what it takes to haul materials, tools or sports gear almost anywhere you'd want to go. While the standard 2-position tailgate facilitates carrying 4' x 8' sheets of building materials. On the inside, Canyon Extended Cab features seating for up to five and convenient covered storage bins. Canyon Regular Cab offers a shorter wheelbase and a tight turning circle for excellent handling and performance on-road and off. Both deliver the serious capability that experienced truckers demand. The choice is yours.

* When properly equipped.

Main: CANYON EXTENDED CAB SLE, shown in Inferno Orange Metallic (extra cost option) with available equipment.
Top: CANYON REGULAR CAB SL 4X4, shown in Silver Birch Metallic with available equipment.

CONTROLS

COMFORTABLY IN CONTROL

Inside Canyon, you'll find a driving environment designed for maximum control, comfort and convenience. The analogue gauges provide essential information at a glance, and all controls are designed and positioned for easy, intuitive use. Even the transfer case on 4X4 models is easy to use. It's an electronic Insta-Trac™ unit that's controlled by push buttons mounted just to the right of the steering wheel. Other standard amenities include air conditioning, a tilt adjustable steering column, cruise control and dual auxiliary power outlets.

SLE models offer an available electrochromic interior rear-view mirror that dims automatically to help prevent glare from the headlights of following vehicles. It includes an integrated electronic compass and an exterior temperature display.

Wherever you drive, OnStar's advanced communications technology adds to your safety, security and convenience. For 2008, OnStar® and one year of the Safe & Sound Plan are standard on Canyon SLE models.

Every Canyon model features a Driver Information Centre that provides alerts about a variety of vehicle conditions.

CANYON SLE 4X4 instrument panel, shown with available equipment.

VORTEC POWER & TECHNOLOGY

IT'S GOT THE POWER.

For 2008, Canyon offers a choice of two Vortec powerplants, both loaded with leading-edge features. The standard engine is a brawny 2.9L Vortec in-line four that generates 185 horsepower – more than any other four-cylinder engine in the class.* For even more power, there's an available 242-horsepower 3.7L Vortec five-cylinder engine that delivers horsepower comparable with most competitive V6s of similar engine displacement.* The Vortec 2.9L engine comes with a choice of standard five-speed manual and available four-speed automatic transmissions, while the 3.7L powerplant is offered exclusively with the four-speed automatic.† Properly equipped, Canyon is rated to tow up to 1814 kg (4000 lb.).

* Based on 2007 Model Year data for GM Medium Pickup segment and latest published competitive information available at time of printing. Excludes other GM vehicles.

† Standard on Canyon Crew Cab 4x4 models.

1. ELECTRONIC THROTTLE CONTROL (ETC)
Canyon's gas pedal is linked to the fuel injection system via a sophisticated "drive-by-wire" connection that replaces the traditional mechanical cable. ETC contributes to improved fuel efficiency, performance and low emissions.

2. VARIABLE VALVE TIMING
Exhaust valve opening and closing times vary according to engine speed, helping to extract maximum power and efficiency in all operating conditions.

3. COIL-ON-PLUG IGNITION
Both Canyon engines use coil-on-plug ignition, which provides a high-energy spark that enhances fuel efficiency and performance at higher engine speeds. The system also eliminates the need for spark plug wires and associated maintenance.

4. BALANCE SHAFTS
Dual balance shafts are integrated into both of Canyon's Vortec engines. They virtually eliminate vibration and contribute to a smooth, quiet ride.

SAFETY & SECURITY

IT'S THERE FOR YOU.

Every Canyon comes equipped with literally dozens of features that add to your safety and security every time you take the wheel. For example, the standard tire pressure monitoring system that indicates when tire pressure is either too high or too low, via the Driver Information Centre. From its excellent visibility and ergonomically designed driver controls to its robust computer-designed structure, standard frontal air bags with a Passenger Sensing System* and available roof-mounted side-impact head curtain air bags, Canyon is engineered and equipped for your protection.

*A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

ACCESSORIES

HAVE IT YOUR WAY.

How do you make a great truck even greater? By upgrading its appearance and capability with carefully selected GM Accessories. GM Accessories are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. Only GM Accessories are backed by GM's 3-year/60,000 km New Vehicle Limited Warranty.* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for Canyon. Or visit gm.ca

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

AVAILABLE CANYON ACCESSORIES INCLUDE:

- Box rug
- Box rail protectors
- Moulded hood protector
- Brush grille guard
- Side-window deflectors
- Hard folding and soft tonneau covers
- Box extender
- Splash guards
- Tubular assist steps
- All-weather floor mats.

Accessories

CANYON STANDARD & OPTIONAL FEATURES

Note: Crew Cabs only available in SLE trim.

SAFETY AND SECURITY	SL	SLE
Air bags – driver and front passenger-side, frontal with Passenger Sensing System	S	S
Air bags – driver, front-passenger and rear-seat outboard passengers, roof-mounted head curtain side-impact	0	0

Safety restraints – LATCH (Lower Anchors and top Tethers for Children)	S	S
Theft-deterrent system – content alarm, audible/visible (included in Power Convenience Package, std. on Crew Cab)	–	0
Theft-deterrent system – electronic immobilizer	S	S
Traction assist – electronic (2WD models only) ¹	0	0

MECHANICAL		
Battery – with run-down protection	S	S
Brakes – front disc/rear drum with 4-wheel anti-lock braking system (ABS)	S	S
Engine – Vortec 2.9L in-line 4-cylinder Horsepower – 185 @ 5600 rpm; Torque – 190 lb.-ft. @ 2800 rpm – Reg. and Ext. Cab – Crew Cab (2WD)	S –	S S
Engine – Vortec 3.7L in-line 5-cylinder Horsepower – 242 @ 5600 rpm; Torque – 242 lb.-ft. @ 4600 rpm – Reg. and Ext. Cab – Crew Cab	0 –	0 0 ²
Engine – block heater	S	S
Locking differential – rear – Reg. and Ext. Cab – Crew Cab	0 –	0 0
Steering – power, rack-and-pinion	S	S
Suspension, Z85 Standard – includes independent front coil springs on 2WD models and torsion bar front suspension on 4x4 models. Both feature a 28 mm front stabilizer bar, rubber jounce bumpers and twin tube shock absorbers	S	S
Suspension, Z71 Off-Road Package – includes torsion bar front suspension on both 2WD and 4x4 models, 28 mm front stabilizer bar, urethane jounce bumpers and monotube shock absorbers. Additional 25 mm ride height over Z85 Standard suspension for improved ground clearance. Also includes locking rear differential, skid plate package on 4x4 models, 2 front recovery hooks, fog lights, large body-coloured wheel flares, N90 15" aluminum wheels and P265/75R15 On-Off Road tires (4). Requires Vortec 3.7L I-5 engine and automatic transmission	–	0
Suspension – rear, two-stage multi-leaf springs and solid live axle	S	S
Transmission – 5-speed manual with overdrive – Reg. and Ext. Cab	S	S
Transmission – 4-speed automatic with overdrive – Reg. and Ext. Cab – Crew Cab	0 –	0 S
Transfer case – (4x4 models) 2-speed, part-time Insta-Trac, with dash-mounted electronic controls	S	S
Trailer Package – hitch receiver platform and wiring harness	0	0

EXTERIOR	SL	SLE
Bumpers – front and rear, chrome with rear step pad	S	S
Fog lights – front, halogen	0	0
Glass – Solar-Ray®, tinted	S	S
Glass – deep-tinted, all windows behind front doors	0	S
Grille – chrome with dark smoke gray bars	S	S
Mirrors – manual folding (Reg. and Ext. Cabs)	S	S
Mirrors – manual folding, power remote control (included in Power Convenience Package, standard on Crew Cab)	–	0
Mouldings – bodyside, dark smoke gray	0	0
Pickup box – Fleetside, double-wall welded steel with 8 cargo tie-downs	S	S
Recovery hooks – 2, front (4x4 models only)	0	0
Skid Plate Package – includes transfer case skid shield and a composite front underbody splash shield from behind the front bumper to the first cross member (4x4 models only)	–	0
Sunroof – power, tilt and slide (N/A Reg. Cab)	–	0
Tailgate – 2-position, locking	S	S
Tires – P205/75R15 all-season (2WD Reg. and Ext. Cab)	S	–
Tires – P225/75R15 all-season (2WD models only)	0	S
Tires – P235/75R15 all-season (4x4 models only)	S	S
Tire – spare, limited use, winch-mounted under rear frame, mounted on steel wheel	S	S
Tire – spare, full-size, mounted on steel wheel (SL), aluminum wheel (SLE)	0	0
Wheels – for applications and illustrations refer to page 17	S	S
Wheel flares – body-coloured, small (4x4 models)	S	S
Wheel flares – body-coloured, small (2WD models)	0	0
Window – rear, sliding	0	0
Windshield wipers – 2-speed with variable delay (intermittent)	S	S

INTERIOR		
Air conditioning – manual	S	S
Assist handles – front passenger side, also rear in Crew Cabs	–	S
Console – front centre floor, includes centre storage tray, dual cupholders and rear-hinged storage compartment	–	0 ³
Floor covering – vinyl (Reg. Cab)	S	–
Floor covering – colour-keyed carpet with rubber floor mats – Reg. Cab – Ext. and Crew Cab	0 S	S S
Instrumentation – analogue (includes speedometer, tachometer, odometer, trip odometer, engine temperature and fuel level)	S	S
Instrumentation – Driver Information Centre includes multi-language and trip functions, displays vital vehicle functions with both visual and audible reminders/warnings	S	S
Instrumentation – tire pressure monitoring system	S	S
Lights – includes dome and exterior cargo	S	S
Mirror – electrochromic auto-dimming with compass and exterior temperature display	–	0
Power outlets – 2 auxiliary	S	S
Steering wheel – 4-spoke	S	–
Steering wheel – leather-wrapped	–	S
Sunshades – LH and RH padded; passenger-side vanity mirror	S	S
Comfort Convenience Package – includes tilt adjustable steering column and cruise control	S	S
Power Convenience Package – includes power windows, exterior rear-view mirrors, remote keyless entry system, programmable power door locks and content theft alarm – Reg. and Ext. Cab – Crew Cab	– –	0 S

SEATS

	SL	SLE

CAPACITIES

GVWR, max. kg (lb.)	2336 (5150)	2404 (5300)	2404 (5300)
Payload, max. kg (lb.) [†]	702 (1547)	695 (1532)	607 (1338)
Towing, max. kg (lb.) ^{††}	1814 (4000)	1814 (4000)	1814 (4000)
Fuel, L (imp. gal.)	72 (15.8)	72 (15.8)	72 (15.8)

*Not including roof rack. Add 25 mm (1.0 in.) in height to Z71 models.

[†] Payload includes passengers, equipment and cargo. Payloads are approximate and will change with the addition of optional or aftermarket equipment. Consult your dealer or equipment supplier for details.

^{††} Trailer ratings are calculated using an automatic transmission, Vortec 3.7L I-5 engine and assuming only the driver is in the tow vehicle. Trailer Weight (also called Trailer Towing Capacity) is the weight of a trailer, its load or contents plus any other weight added to the tow vehicle. Ratings shown are for ball-hitch applications. Many trailer towing applications require additional optional equipment. See your dealer or refer to the Canyon Owner's Manual for details. For more information on trailer towing go to gm.ca.

ONSTAR

OnStar* uses advanced communications technology to enhance your safety, security and convenience. OnStar Advisors can provide a wealth of information and perform a variety of diagnostic services. They can also provide assistance in an emergency. No wonder more than 5 million people have become OnStar subscribers and over 15 million calls are made each month on the built-in voice-activated, hands-free system. OnStar and one year of the Safe & Sound Plan are standard on Canyon SLE models. Canyon also features OnStar's audible Turn-by-Turn Navigation, the first factory-installed, fully integrated GPS navigation system from OnStar. See your dealer for more information on plans and services.

*OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar acts as a link to existing emergency service providers. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, prepaid minutes or enrollment in a shared minutes plan and existing OnStar service contract. Subscription Service Agreement required.

XM SATELLITE RADIO

What's convinced more than seven million people to subscribe to XM Satellite Radio? How about the largest playlist on the planet, with musical genres that span everything from decades to dance, rock to rap and country to classical – broadcasting the most commercial-free music in digital quality sound? Or is it the news, talk, comedy and sports channels – including more than 1,000 NHL games – and all available from coast to coast? Now with 120 channels to enjoy, XM has revolutionized radio as we know it. And now you can listen to XM Satellite Radio in your next General Motors vehicle. Ask your dealer for more information.

*Includes three trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

A NEW LEVEL OF CONFIDENCE.

It isn't only the performance, value and safety of the 2008 Canyon that will fill you with confidence. Canyon is also backed by the best coverage in Canada:

- 3-year/60,000 km New Vehicle Limited Warranty*
- 5-year/160,000 km Powertrain Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge*
- 5-year/160,000 km Courtesy Transportation*
- 5-year/160,000 km 24/7 Roadside Assistance*
- 6-year/160,000 km rust-through perforation coverage*
- 8-year/130,000 km coverage on catalytic converters and powertrain control modules (PCMs).*

*Whichever comes first. Conditions and limitations apply, see dealer for details.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:†

- **GM Protection Plan (GMPP)** – the only extended service plan backed by the resources and commitment of General Motors, GMPP may be purchased at the time of your sale or lease, or subsequently during the New Vehicle Limited Warranty period
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

†Conditions and limitations apply.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to: General Motors, GM, the GM emblem, the GM Canada website address, the GM Accessories logo, GMC, Canyon, Z71 and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Insta-Trac, Solar-Ray and Vortec are trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

Canada 

TAKING ACTION TODAY. FOR TOMORROW.

At General Motors, our commitment to environmentally friendly transportation starts right at the top:

"What we do at General Motors profoundly affects the lives of many people. As the world's largest maker of cars and trucks, we realize our impact extends beyond those who drive our vehicles, who work here and who live in our communities. We also know that our actions today can positively affect the lives of future generations. It's a huge responsibility, but also a great opportunity. And that's why corporate responsibility is an integral part of everything we do at GM."

We're determined to be part of the solution to the environmental issues that we as a global community are facing. To that end, GM is investing billions of dollars in a broad-based advanced technology strategy to help reduce the world's dependency on oil. This includes everything from biofuels like E85 ethanol, to plug-in hybrids, to electrically driven vehicles powered by advanced batteries and hydrogen fuel cells. We've also made steady and significant progress over the past five years to reduce our own energy use, conserve natural resources and decrease greenhouse gas emissions from GM products and facilities."

Rick Wagoner
